LETTER FROM THE COUNTY ADMINISTRATOR

*M*arion County has accomplished so much this past year and we're excited to continue this momentum for fiscal year 2023/2024. Thanks to the leadership of the Marion County Board of County Commissioners, we've established our county priorities for the next 5, 10, 15, and even 20 years. These priorities will serve as milestones and guide markers to help all of our departments execute county business effectively while addressing the following general categories: growth and development, Fire Rescue and EMS, roads and traffic, solid waste, water and sewer, quality of life and ecotourism and county buildings.

Marion County has experienced tremendous growth over the last few years and we expect this to continue as more and more people learn about the robust community we are building together. With that in mind, our budget included some very important projects that will ensure that we not only have a safe community, but a thriving economy that focuses on providing great services to our families.

For example, we are very excited about the additional personnel for our Fire Rescue department and our Sheriff's Office, helping to ensure our community's safety. Other priorities include the upcoming expansion of the Freedom Library, the development of the fourth floor at the judicial center, the future facilities for Fleet Services and Animal Services, and the construction of an over 18,000-square-foot EMS Central Hub.

As we continue to move forward, we will continue to lean on our Empowering Marion for Success II strategic plan that has helped us deliver services to our citizens and visitors at the highest possible level. I encourage you to access this plan and learn more about what your local county government is doing for you at www.MarionFL.org.

Mounir Bouyounes, P.E.
County Administrator

TO THE MARION COUNTY BOARD OF COUNTY COMMISSIONERS AND COUNTY RESIDENTS:

I am pleased to present the Adopted Fiscal Year 2023-2024 Marion County Budget. Through healthy financial practices the County has created and maintains a strong financial position while facing inflationary cost increases, staffing challenges, significant population growth and an increased demand for services.

Inflationary costs for personnel services, operating goods, insurance premiums and higher demand for county services has impacted all of the major and minor funds of Marion County. Funding these increases was largely possible due to a \$4.2 billion increase of countywide taxable value of which \$1.4 billion was for new residential and commercial construction in Marion County. Non-countywide areas saw similar increases in taxable values. Current revenue trends for FY 2024 indicate a recovery of investment income following losses in fair value during Covid, short-term interest gains for the next 12 months and an expansion to sales tax as a result of growth in business and residential population.

Personnel services comprise 25.5% of the total budget. During the FY 2023 Budget, the county implemented a full revision to the pay scales and salaries for its employees. While this has addressed some of the more immediate issues with employee retention, attracting new employees remains a challenge with inflation impacting the cost of living at historically high rates. As such, the Adopted Budget includes an allocation of 5% for COLA and Merit raises for the BCC and Constitutional Officers, with the Sheriff receiving 6.5% allocation to improve the agencies competitiveness relative to other Florida agencies. Employer contribution rates for the Florida Retirement System (FRS) increased by 13.94% for regular class employees and 17.39% for Special Risk as a result of the actuary study and changes approved by the Florida Legislature to the retirement benefits.

Marion County is realizing a significant population increase and anticipates exceeding 400,000 residents in 2024. The Empowering Marion for Success II strategic plan, delves into the Infrastructure, Public Safety and Support services that will be required in order to meet the needs of its citizens as the community grows. This Budget includes funding to support FY 2024 initiatives where requested.

The challenges facing Marion County require continuous analysis and creative solutions. The Budget Office will continue to work closely with the County Administrator to identify strategies to fund program priorities while maintaining a structurally balanced budget.

Respectfully submitted,

Audrey L. Fowler
Budget Director, MPA

*Here to Serve and
Protect the Public Trust*

MISSION STATEMENT

Leading public service in genuine dedication to our citizens through professional operations and resource stewardship.

VISION STATEMENT

Marion County is a safe and well-planned community with a thriving economy that supports a high quality of life where family matters.

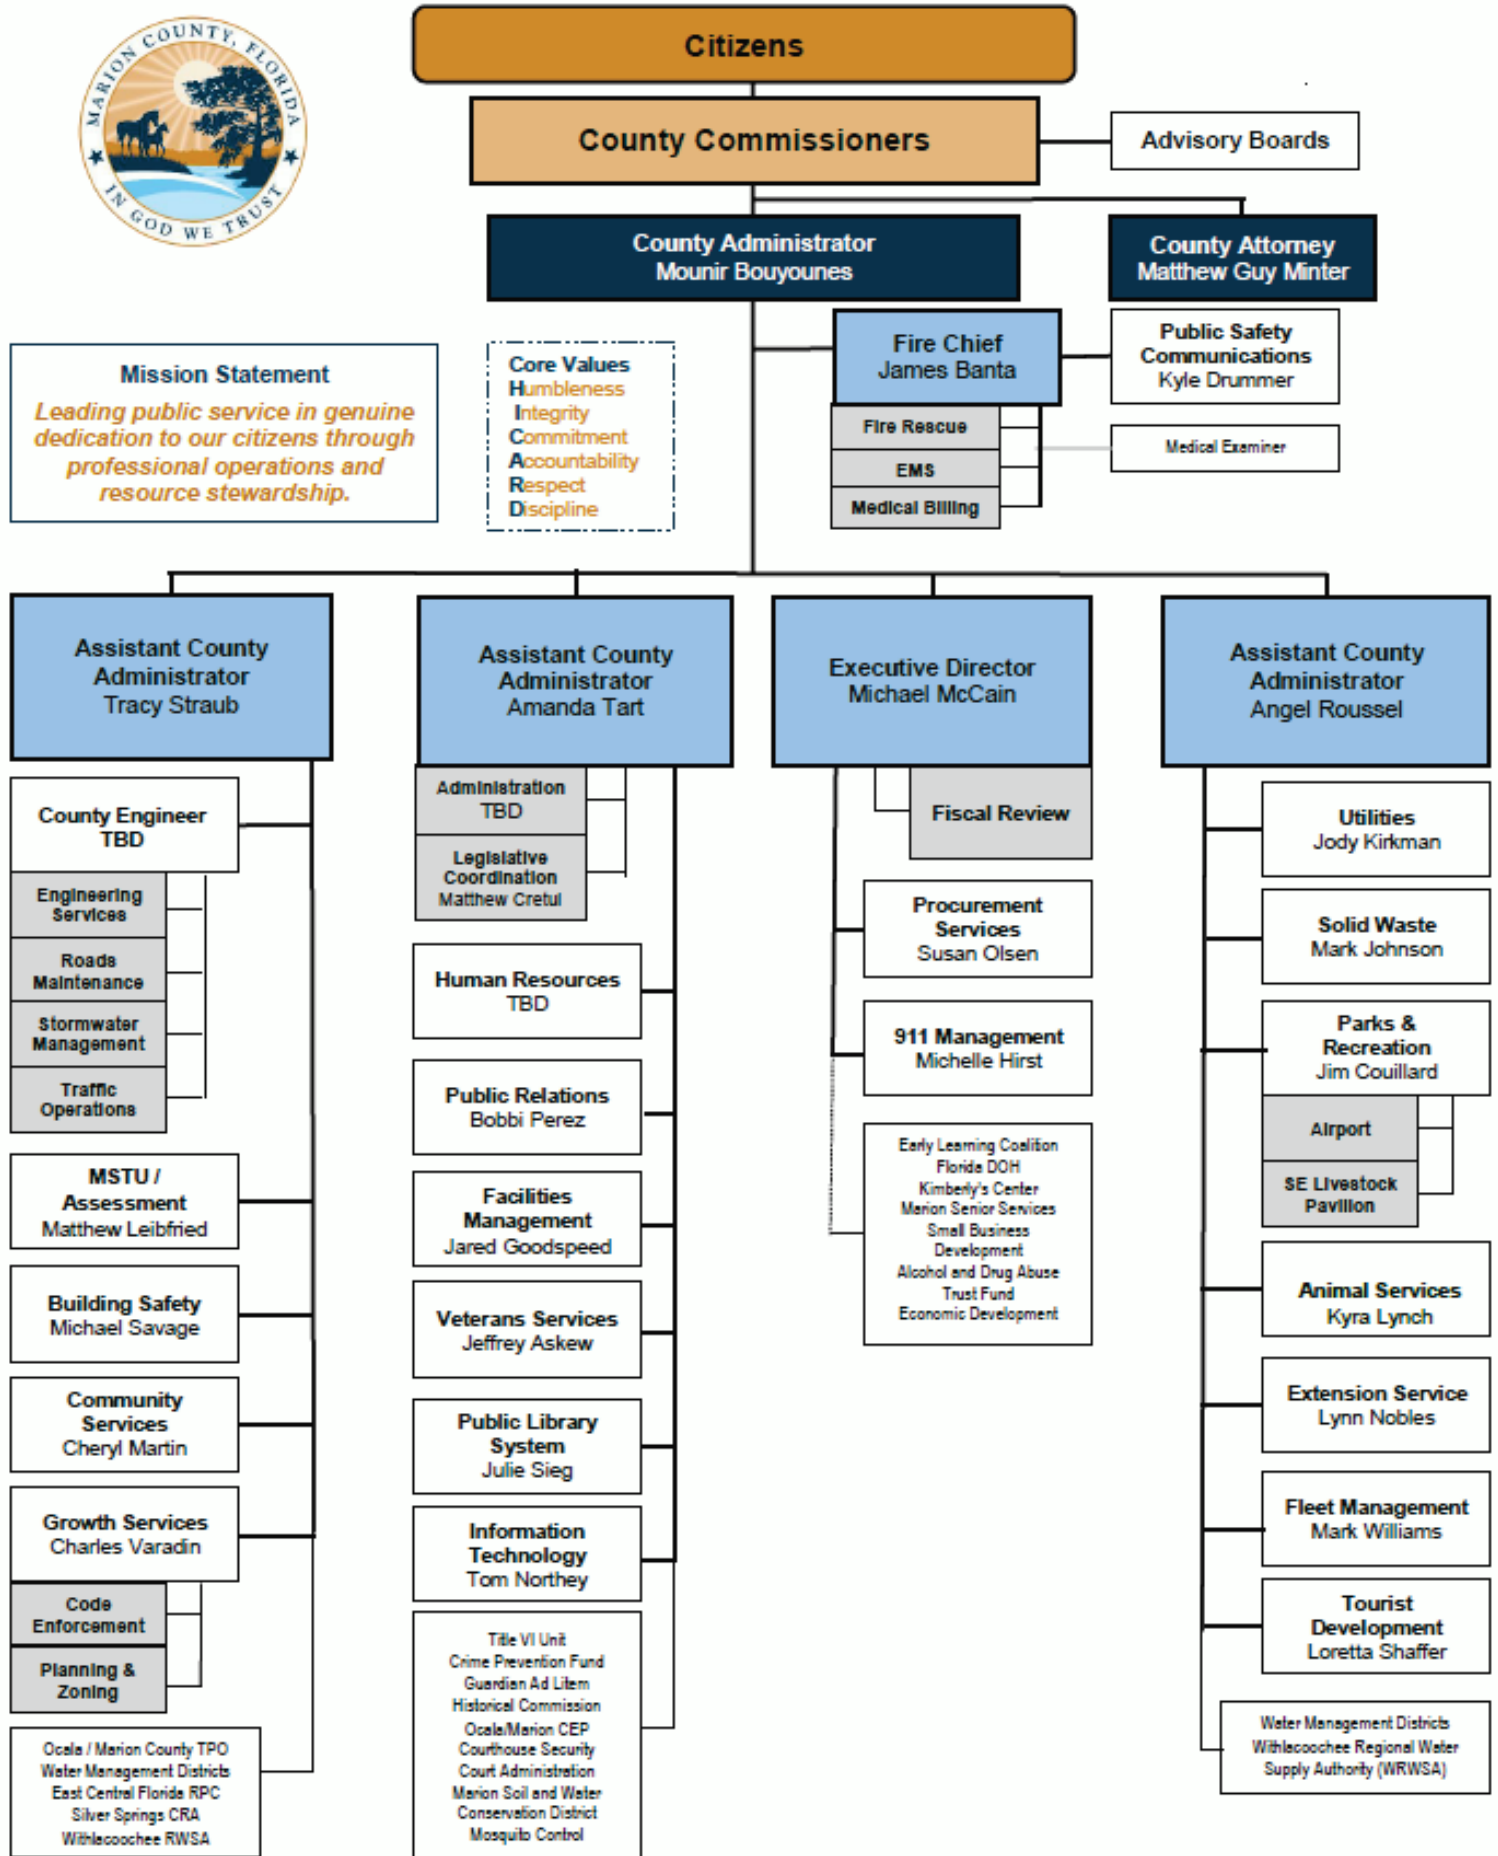

GUIDING PRINCIPLES

**Dedication to serve - Professional operations -
Resource stewardship**

CORE VALUES

**Humbleness - Respect - Commitment - Integrity -
Accountability - Discipline**

Marion County is a political subdivision of the State of Florida. As such, it is governed by and derives its operating authority from the constitution and laws of the State of Florida. The County operates under a commission/administrator form of government with a governing board of five county commissioners elected at-large to staggered four-year terms. Commissioners are elected by district and must meet residency requirements within their district. The county commissioners are the primary legislative and policy-making body for Marion County. Each commissioner represents one of the five districts in which they reside. The board elects a chairman and vice chairman each year. Whether enacting ordinances and resolutions or approving budgets & expenditures, the board has the responsibility to provide for the safety and welfare of all Marion County residents and visitors.

The Marion County Board of County Commissioners meet on the first and third Tuesday of each month at 9 a.m. at the McPherson Governmental Campus Auditorium

CONSTITUTIONAL OFFICERS

Gregory C. Harrell
Clerk of Court and
Comptroller

Jimmy Cowan
Property Appraiser

Billy Woods
Sheriff

Wesley Wilcox
Supervisor of
Elections

George Albright
Tax Collector

The Constitution of the State of Florida established five elected officials who perform specific governmental functions. These officers operate independently from the Board of County Commissioners to ensure that the entity that decides how to spend tax dollars is not the same entity that pays the County's bills (Clerk and Comptroller), assesses the property tax values (Property Appraiser), collects taxes (Tax Collector), protects its citizens (Sheriff), or oversees the election process (Supervisor of Elections). Constitutional Officers cannot set public policy or levy taxes. Their constitutional functions create a system of checks and balances and greater assurance of public trust.

Clerk of Court and Comptroller

The Clerk of Court and Comptroller (the Clerk) is responsible for safeguarding all public records and public funds and serves as clerk of the circuit and county court, recorder, clerk to the board of county commissioners, county auditor, and accountant and custodian of county funds.

Property Appraiser

The Property Appraiser is responsible for placing a fair, equitable, and just value on all real property and tangible personal property in the County. The Property Appraiser also administers property and personal exemptions allowed by Florida law and maintains current ownership information and descriptions for all properties in the County.

Sheriff

The Sheriff is the chief law enforcement officer and conservator of peace in the County. The Sheriff's Office performs several functions including law enforcement and correctional services, rehabilitation programs, youth intervention, child protective services, school safety and many other community-based programs.

Supervisor of Elections

The Supervisor of Elections (the Supervisor) is responsible for preparing and conducting all county, state, and federal elections held in the County. The Supervisor maintains records for all registered voters within the County. In addition, the Supervisor is responsible for qualifying candidates and receiving all financial reports for those seeking candidacy for an elected position. The Supervisor's Office also handles financial disclosures of appointed and elected officials as required by the Ethics Commission.

Tax Collector

The Tax Collector's Office performs a variety of services on behalf of local government and various state agencies. This includes the collection and administration of property taxes, motor vehicle and vessel registrations and title fees, concealed weapon licenses, hunting and fishing license fees, issuance and renewal of driver's licenses and the collection of tourist development taxes.

ABOUT MARION COUNTY

Marion County was created by the Florida Legislature on March 14, 1844 from land formerly part of Alachua, Hillsborough, and Orange Counties. The County is located in North Central Florida, encompassing more than 1,652 square miles, making it one of Florida's larger counties. The eastern quarter of the County contains the Ocala National Forest, which is one of the most visited national forests in America. The forest, along with its lakes and rivers, and the natural springs provide recreational opportunities for over 1.9 million visitors each year.

Standing 6 feet, 5 inches in height from tip of the ear to the ground, and 8 feet long, these horses are made of fiberglass and have a clear-coated finish to protect them from the elements. The horses—88 in all, located throughout greater Ocala, Florida—were designed and decorated by local artists as part of "Horse Fever."

-Ava Isabel Grace, Florida Country Magazine, December/January 2019

Ocala/Marion County is known by many as the "Horse Capital of the World,"* a testament to the County's unique involvement in all things equestrian and its record of producing some of the finest champions in the sport. With a beautiful, mild climate all year long and soil rich with limestone calcium for strong bones, Ocala/Marion County is home to more horses than anywhere else in the country. But there's more to Ocala/Marion County than just horses. The region boasts of natural beauty and a rich cultural heritage. The Silver Springs State Park, for instance, is a must-visit destination for those who love the outdoors. The park features crystal clear springs, lush greenery, and a range of activities for visitors of all ages. History buffs will enjoy exploring the many historic sites in the area, such as the Fort King National Historic Landmark and the McPherson Government Complex.

STRATEGIC GOALS AND STRATEGIES

This Budget Document contains budget summary information for each operational division including an organization chart, mission, descriptions, goals, budget priorities, performance measures, positions, and budgets by category. These elements tie back to the strategic plan titled "Empowering Marion for Success II." The full strategic plan is available on the County's website at:

<https://www.marionfl.org/agencies-departments/administration/empowering-marion-for-success>

The Executive Summary on page 8 of the plan highlights 5 major initiatives:

Organizational Experience Resources and Public Facilities Planning and Future Growth Public Infrastructure Public Safety

The strategic plan provides details on the initiatives and elements including action items, the expected outcome, responsible departments, timeline, and projected costs. The Budget as adopted includes funding for current fiscal year initiatives.

The strategic goals outlined in the "Empowering Marion for Success II" plan were derived from a thorough analysis of the county's needs, challenges, and opportunities. The goals are entity-wide and provide the context for decisions within the annual budget. As a result, the budget initiatives for the next five years have been carefully linked to these goals to ensure that they are aligned with the long-term aspirations of the county.

Additional information on specific departmental initiatives can be accessed through the County's Operational and Strategic Plans. These plans provide a detailed overview of the sequential actions required to effectively realize the strategic goals. The Operational and Strategic Plans are located on the County's website at:

<https://www.marionfl.org/agencies-departments/administration/operational-strategic-plans>

Overall, the "Empowering Marion for Success II" plan, along with the departmental operational and strategic plans, serve as a blueprint for the county's future development and ensure that all decisions and actions are geared towards achieving the desired outcomes.

ADOPTED BUDGET OVERVIEW

Marion County adopts a balanced budget for all funds. The General Fund, Special Revenue Funds, Debt Service Funds, and Capital funds are governmental funds that utilize modified accrual as the basis of accounting. The Utilities Fund, Solid Waste Disposal Fund, and Insurance Fund are proprietary funds that utilize full accrual as the basis of accounting. For Budgeting purposes, the Fund Balance estimates for Solid Waste and Utilities reflect only the unassigned fund balance that is readily available to pay expenses. The following pages provide narrative summaries of ad valorem rates, major revenues, fund balance, capital expenses, and debt service.

Schedules of revenues and expenditure appropriations by major category begin on page 40. Additionally, the detailed line item budget is available at: <https://www.marioncountyclerk.org/departments/budget/bocc-budget/>.

The detailed Capital Improvement Program with project descriptions is available online at: <https://www.marioncountyclerk.org/departments/budget/capital-improvement-program/>.

The detailed Transportation Improvement Program is available online at: <https://www.marionfl.org/agencies-departments/departments-facilities-offices/office-of-the-county-engineer/five-year-plans>

AD VALOREM OVERVIEW

Marion County millages have been adopted at the same rate for FY 2023-24 as FY 2022-23 with the exception of Rainbow Lakes Estates - Comm Res Facility MSTU. A reorganization of responsibilities shifted funding required for Rainbow Lakes Estates Municipal Service District to the MSTU. This resulted in a reduction of millage between the two funds. Increases in property value were utilized to address inflation and service demands rather than reducing the millage. The following table shows the specific purposes for the tax increase as compared to the previous fiscal year's adopted budget and the major factors for the cause of the specific tax increase.

Specific Purposes for the Tax Increase	
Fund	Reason
Countywide	
General Fund	Increase in Sheriff's Jail operations of \$5,243,666 for Inmate Medical and Increase in Ambulance Services of \$3,386,293 for personnel
Fine & Forfeiture Fund	Increase in Sheriff's Regular operations of \$2,870,713 and Sheriff's Bailiff operations of \$446,249
Health Unit Trust Fund	Establishing the Reserve for Capital Outlay in the amount of \$653,082 for future capital improvements
Non-Countywide	
MSTU for Law Enforcement	Increase in Sheriff's MSTU operational budget of \$12,219,043
Fire Rescue and EMS Fund	Increase in personnel expenditures of \$6,083,854
Rainbow Lakes Estates - Comm Res Facility MSTU	Increase in Personnel Services of \$80,393 due to reorganization
Marion Oaks MSTU	Increase in Capital Improvements of \$263,800
Silver Springs Shores Special Tax District	Increase in operational expenditures of \$191,838
Hills of Ocala MSTU for Recreation	Increase in Repairs and Maintenance of \$10,060

MAJOR REVENUE SOURCES

*Revenue projection herein represents net budgeted estimates less 5% for FY 2023-24 if applicable.

Ad Valorem Taxes

Property taxes are ad valorem taxes levied on the taxable value of real and tangible personal property in the County and are the largest source of tax revenue received. Certified taxable property values for 2023, which were prepared by the Marion County Property Appraiser for budget planning purposes in accordance with the provisions of Section 200.065(8), were used in computing the millage rates and estimated revenue figures for all currently existing taxing entities. Any percentage increase in the taxes proposed over the rolled-back rate must be advertised in a display ad prior to the adoption of the budget. There are also statutory limits on the amount of ad valorem tax revenue that the County may levy. Upon receipt of final taxable values, we provide the Board with details of maximum millage levy calculations. The total ad valorem taxes to be levied amount to \$227,964,044.

Local Government Half-Cent Sales Tax

A half-cent sales tax is collected by the State of Florida and returned to counties for general operational purposes. A local government half-cent sales tax refers to a specific type of sales tax imposed at the local level, typically by a city or county government. This tax is called a "half-cent" sales tax because it amounts to 0.5% of the purchase price of taxable goods and services. It is a percentage of the total sales price, and it is added to the cost of the items or services purchased by consumers within the jurisdiction where the tax is imposed. Based on an internal analysis of the amounts received from this source, \$34,998,000 in estimated proceeds from the Local Government Half-Cent Sales Tax Clearing Trust Fund have been budgeted within the General Fund to fund operating expenditures.

Communication Services Tax

The County receives a portion of taxes levied on communication services such as cable television and cell phone services. The estimated proceeds of Communication Services Tax as distributed from the State of Florida have been budgeted in the total amount of \$2,144,293. An amount of \$1,977,446 has been budgeted within the General Fund. The remaining \$166,847 generated through a permit fee add-on rate has been appropriated in the County Transportation Maintenance Fund. The permit fee add-on rate is allowed in that the County opted to forgo the collection of permit fees in lieu of imposing this portion of the Communication Services Tax.

Medicaid Managed Care

The local provider participation fund, also known as a provider assessment fund or provider tax, is a mechanism used by some states to generate revenue for Medicaid programs. In such a fund, healthcare providers in the state contribute a designated amount of money based on their revenue or a specific assessment formula. The revenue generated from these assessments is typically used to draw down federal Medicaid matching funds. These funds are used to support Medicaid programs, increase provider reimbursement rates, expand Medicaid services, or cover the state's share of Medicaid costs without relying solely on general state funds. Marion County's adopted revenue for this fund is \$35,651,073.

County Revenue Sharing

A percentage of net cigarette tax collections and net sales and use tax collected by the State of Florida are shared with counties according to an allocation formula based on three factors: (1) county population; (2) unincorporated county population; and (3) county sales tax collections. The estimated proceeds of County Revenue Sharing as distributed from the State of Florida have been budgeted in the amount of \$13,423,349 within the General Fund. Apart from certain restrictions regarding the pledging of revenue for payment of debt service, there are no specific restrictions for the expenditure of County revenue-sharing proceeds.

Recording Fees

An estimated \$722,000 of fees charged upon recording of documents in the Office of the Clerk of Court and Comptroller have been included in the adopted budget. These funds are distributed between the County's General Fund and Fine & Forfeiture Fund and have been appropriated for court related technology costs. Appropriation of these funds is within the limited purposes set forth in Florida Statutes. This revenue source is a result of enacting legislation related to revisions to Article V of the Florida Constitution. The total requested budget for court related technology costs is \$1,486,924 which is \$764,924 more than the estimated \$722,000 of related fees and \$75,786 reimbursement from Sumter County that will be funded from the County's general revenue.

MAJOR REVENUE SOURCES

Facilities Fees

An estimated \$406,667 of Court Facilities fees revenue has been included in the proposed budget. These fees have been appropriated in the General Fund pursuant to a County ordinance enacting a \$15 surcharge upon criminal and non-criminal traffic violations. These fees have been appropriated primarily for funding of the cost for contracted Judicial Center security and a 10% portion thereof has been designated to fund the Law Library. Appropriation of these funds is within the limited purposes set forth in Florida Statutes. This revenue source is a result of enacting legislation related to revisions to Article V of the Florida Constitution.

Medical Examiner

The costs of the 5th District Medical Examiner's Office and the 24th District Medical Examiner's Office incurred through the Marion County budget are offset by reimbursements from Marion County and the other Counties in the District in the estimated amount of \$5,486,864. The total Medical Examiner budget of \$8,705,313 are offset by the above stated reimbursement such that costs are shared on a pro-rata population basis that also provides for an administrative cost reimbursement for Marion County. Costs are also offset by fees estimated at \$1,032,000.

Tax Collector Fees

Fees collected for services provided by the office of the Tax Collector and remitted to the County are estimated to be \$6,971,100.

Fleet Management

Fees are charged as an offset to the costs incurred by the County's Fleet Management Cost Center. Fees for the provision of vehicle maintenance are charged to user cost centers funded outside of the General Fund and fuel costs are charged to all County user cost centers. Estimated Vehicle Maintenance reimbursements are \$3,126,450 and estimated Fuel reimbursements are \$5,103,952.

Building Permits and Other Building Safety Revenue

A total of \$3,523,265 of estimated Building Permit Fees and other operating revenues are included in the adopted budget of the Building Safety Fund. These revenues are dedicated to funding the operating costs of the County's Building Safety Fund.

Additional Court Cost Fees

An estimated \$372,400 of additional court costs revenue has been included in the adopted budget. These fees have been appropriated in the Criminal Justice Court Costs Fund pursuant to a County ordinance enacting a \$65 surcharge upon disposed criminal cases. These funds have been appropriated for the anticipated cost of court system programs for Court Innovations, Legal Aid, Law Library and other juvenile programs. Appropriation of these funds is within the limited purposes set forth in Florida Statutes. This revenue source is a result of enacting legislation related to revisions to Article V of the Florida Constitution.

Ambulance Fees

Ambulance fees are charges assessed for the use of ambulance services provided by emergency medical service (EMS) providers or ambulance companies. These fees are typically billed to individuals, insurance companies, or government programs and are intended to cover the costs associated with responding to and transporting patients in need of emergency medical care. The County's Emergency Medical Services total fees are estimated to be \$26,250,772, which is comprised of \$22,674,600 in ambulance fees as well as \$391,400 in ambulance fees related to special events. Ambulance supplemental revenue is \$3,184,772, which nets \$622,383 to the General Fund after payment to AHCA of \$2,562,389.

911 Emergency Telephone Fees

A 40 Cent per phone line monthly fee is collected by the County to fund the cost of the 911 Emergency Communications System. An estimated amount of \$1,681,500 is included in the adopted budget.

Tourist Development Tax

The tourist development tax is collected from rental lodging and used to promote tourism in the County. The County collects a 4% Tourist Development Tax levied on transient rentals (hotels, motels and other living quarters occupied for a term of 6 months or less). The proceeds are restricted to the purpose of promoting tourism within Marion County. A revenue estimate of \$5,589,846 is included in the adopted budget.

MAJOR REVENUE SOURCES

Constitutional Fuel Tax

The estimated proceeds of the 80% portion of the Constitutional Fuel Tax have been budgeted in the amount of \$3,886,021. Proceeds of this revenue are appropriated for road construction. The estimated proceeds of the 20% portion of the Constitutional Fuel Tax have been budgeted in the amount of \$971,505.. Expenditure of these proceeds has been appropriated for the cost of road materials and supplies for use in the operations of the County Road & Bridge Cost Center. Upon receipt of official revenue estimates from the State, it may be necessary to modify the budgeted amount for both of these revenues.

Local Option Fuel Tax (6 Cents)

The estimated proceeds of the Six Cent Local Option Fuel Tax have been budgeted in the amount of \$10,873,600 within the County Transportation Maintenance Fund. This amount represents Marion County's current share of total tax receipts. Upon receipt of official revenue estimates from the State, it may be necessary to modify the budgeted amount for this revenue. The Local Option Gas Tax revenues are primarily used to offset the costs associated with the Transportation Cost Center, and Ocala/Marion County Transit that are funded from the County Transportation Maintenance Fund.

Local Option Fuel Tax (second 5 Cents)

The estimated proceeds of the 2nd Local Option Fuel Tax- 5 Cents have been budgeted in the amount of \$6,929,165. This amount represents Marion County's current share of total tax receipts. Upon receipt of official revenue estimates from the State, it may be necessary to modify the budgeted amount for this revenue. A portion of these revenues, in the amount of \$3,926,963 provides funding for debt service payments related to the County's Transportation Improvement Bonds. The remaining \$3,002,202 along with any unexpended balance from the current fiscal year is appropriated for Transportation Improvements.

Court Costs – Crime Prevention

A total of \$165,300 of estimated Court Costs are included in the adopted budget of the Fine & Forfeiture Crime Prevention Fund. This revenue is separately accounted for pursuant to Florida Statutes section 775.083 for expenditure as follows, "The County, in consultation with the sheriff, must expend such funds for crime prevention programs in the county, including safe neighborhood programs under ss. 163.501-163.523." The Fund also includes \$28,500 of estimated ankle bracelet monitoring fees.

County Fuel Tax

The estimated proceeds of the County Fuel Tax have been budgeted in the amount of \$2,148,036 within the County Transportation Maintenance Fund. Upon receipt of official revenue estimates from the State, it may be necessary to modify the budgeted amount for this revenue. The County Fuel Tax revenues are primarily used to offset the costs associated with the Transportation Center, and Ocala/Marion County Transit that are funded from the County Transportation Maintenance Fund.

County One Cent Voted Gas Tax (Local Option Ninth Cent Fuel Tax)

A total of \$2,401,624 has been included within the adopted budget of the County Transportation Maintenance Fund as proceeds from the County One Cent Voted (or Ninth Cent) Gas Tax authorized pursuant to the provisions of Marion County Ordinance Number 89 29. Upon receipt of official revenue estimates from the State, it may be necessary to modify the budgeted amount for this revenue.

Impact Fees

A total of \$8,790,000 of estimated Transportation Impact Fee revenues have been included in the adopted budget. Expenditure of these proceeds, along with unexpended amounts from prior years, is appropriated for the planned costs of road construction intended to increase the capacity of the County's road system. Funds are collected and expended within each of two districts within the County, and the financial activity of each district is budgeted in each of the two separate Non-Countywide funds.

Alcohol and Drug Abuse Trust Fund

A total of \$19,000 of estimated Court Costs are included in the adopted budget of the Alcohol and Drug Abuse Trust Fund. This revenue is separately accounted for pursuant to Florida Statutes section 938.13 for expenditure of drug and alcohol treatment programs.

MAJOR REVENUE SOURCES

Solid Waste Disposal Program Fees

Solid waste disposal revenues refer to the income generated by a municipality, waste management company, or other entity involved in the collection, transportation, and disposal of solid waste, such as garbage, trash, and non-hazardous solid waste materials. These revenues are typically generated from fees charged to individuals, businesses, and institutions for the pickup and disposal of their solid waste. An estimated \$3,515,000 is included within the adopted budget as proceeds from waste disposal fees (tipping charges) levied upon the waste tonnage for the various classes of solid waste. An estimated \$572,850 is included as proceeds of Recycling Fees. An estimated \$65,550 is included as proceeds of Gas to Energy Sales.

Infrastructure Sales Tax

The Infrastructure Surtax is a one-cent discretionary sales tax enacted by a majority vote of the Board of County Commissioners and approved by voters in a countywide referendum. The proceeds of this surtax are restricted to public safety capital facilities, capital equipment needs, and transportation infrastructure. Public safety includes law enforcement, fire, animal control, and emergency medical services. A statutory formula is used to calculate the share of funds that are distributed to Marion County and the following five municipalities: (1) Ocala; (2) Belleview; (3) Dunnellon; (4) McIntosh; and (5) Reddick. The voter referendum approved Local Option Infrastructure Sales Tax is included in the adopted budget of the Infrastructure Surtax Fund. The estimated revenue for fiscal year 2023-24 is \$67,791,878.

Balances Forward

"Balances Forward" typically refer to revenues or income that are carried over from a previous period or fiscal year. In accounting and financial contexts, this term is often used to describe funds or revenue that were received but not fully utilized or recognized in the period they were initially received, and they are carried forward into subsequent periods. These amounts are defined as the amounts expected to be remaining at the end of the previous 2022-23 fiscal year. These amounts are generally used to fund the various 2023-24 fiscal year budgets until receipt of Ad Valorem Tax and non-Ad Valorem per parcel assessment revenues, which normally occurs late in the first quarter of the fiscal year. The total adopted balances forward for FY 2023-24 is \$572,306,704.

Water and Sewer Service

Water and sewer service revenues refer to the income generated by a utility or local government from providing water and sewer services to residential, commercial, and industrial customers. These revenues are typically derived from charges and fees assessed to consumers for the delivery of clean water for consumption and wastewater (sewage) treatment and disposal. The estimated Water and Sewer Service revenues of \$29,890,261 are included within the adopted budget of the Marion County Utilities Fund. Also included are estimated water and sewer connection fees in the amount of \$4,003,029. Expenditure of connection fees is limited to capital costs associated with increasing the capacity of the Water and Sewer system.

School Resource Officers

Anticipated revenue in the amount of \$2,340,000 for School Resource Officers is included in the adopted 2023-24 budget of the MSTU for Law Enforcement. The amount represents the expected payment to be received from the Marion County School Board for these services to be provided by the Sheriff's Office. The associated costs for these services are also included in the adopted 2023-24 budget for the MSTU for Law Enforcement.

FUND BALANCE

Fund balance reflects the net financial resources of a fund – the difference between assets and liabilities. In simpler terms, fund balance reflects what is available to spend for a fund. It is the goal of the County to maintain unassigned fund balance in the general fund sufficient to cover 20% of recurring expenditures, excluding constitutional officers, capital outlay, debt service, and grant-funded expenditures. If, at the end of any fiscal year, the actual amount of an unassigned fund balance falls below the targeted levels, the Board of County Commissioners prepares a budget plan, inclusive of any necessary budgetary adjustments, to restore the minimum fund balance requirement.

The County's estimation of a fund's fiscal position at fiscal year-end can be looked at in two ways - on a budgetary basis and on a projected year-end basis. On a budgetary basis State law requires a balanced budget, so a portion of the adopted budget is placed in reserves. Since these adopted reserves cannot be expended until they are first appropriated by amendment of the adopted budget, the reserves reflect an assumption of ending fund balance. In fact, sufficient reserves are included to ensure adequate funds are available at the beginning of the next fiscal year to meet payments.

On a projected year-end basis, the County projects how much of the appropriated funds in the adopted budget will actually be spent. Staff bases projections on past experience and current year-to-date trends. The remaining (unspent) appropriations will increase the ending fund balance. Similarly, by projecting excess revenues, the second component of the ending fund balance can be established. Excess revenues for local governments in Florida often result from a statutory requirement that governments only appropriate 95% of certain anticipated revenues. While a 95% factor may be reasonable for ad valorem collections, where adjustments to the tax roll and discounts for early payment result in collections of about 95%, it frequently results in an understatement of collections from other revenues. Actual revenues received in excess of the budget will also increase ending fund balance

The net change in fund balance is shown in the tables on the next two pages with notes of explanation. Notable Fund Balance changes from FY 23 to FY 24 include the following:

Fine and Forfeiture Fund

The increase in fund balance is necessary to maintain approximately a 20% operating fund balance that allows for an appropriate level of cash flow until the collection of ad valorem taxes is received.

MSTU for Law Enforcement

The increase in fund balance is necessary to maintain approximately a 20% operating fund balance that allows for an appropriate level of cash flow until the collection of ad valorem taxes is received.

Building Safety Fund

The reduction of fund balance was necessary to bring the Building Safety Fund into compliance with FS 553.807(a). The BCC authorized the reduction of fees for 6 months of FY 2023.

RLE Comm Res Facility MSBU

For FY 2024, services previously provided for Recreation to the RLE MSD were transferred to this fund. The millage rate was increased to fund the operations. As such, the fund balance and reserve were increased proportionately to maintain adequate cash flow.

RLE Fire Protection MSBU

The RLE Fire Protection MSBU is being phased out with the services being provided by the Fire, Rescue and EMS Fund. This is year 2 of a 3-year transition to draw down the fund balances.

Solid Waste Disposal Fund

The reduction in fund balance is due to increased recurring operating costs exceeding the recurring special assessment revenue. The fund utilized excess fund balance and is pursuing a rate study for FY 2024 to stabilize the funds long-term fiscal position.

Insurance Fund

The increase in fund balance is due to under expenditure of self-insurance for health claims relative to the per-employee rate established at the adoption of FY 2023. The funds are being reserved for the construction of an employee health clinic.

FY 23 ESTIMATED ENDING FUND BALANCE

Description	Beginning Fund Balance	Revenues and Sources	Expend/Uses	Ending Fund Balance	Change	Percent Change

Funds that are primarily capital projects, grants, or debt service are represented by an N/A in the Percent Change column.

Notes:

- (1) - See accompanying narrative for explanation of planned fund balance change.
- (2) - Reductions are due to planned expenditures of one-time funding for associated capital or grant funded projects.
- (3) - Debt service fund changes primarily reflect carryover of unexpended proceeds and annual reserve adjustments required under bond covenants.
- (4) - Increase in Fund Balance due to carryforward of capital projects.
- (5) - Reduction is due to planned expenditures of accumulated fund balance for programs.
- (6) - Increase of fund balance due to unexpected increases in interest income.

OPERATING CAPITAL

Capital expenditures refer to significant investments made in acquiring, upgrading, or maintaining long-term assets and infrastructure that are essential for the county's operations, services, and development. These expenditures typically involve substantial financial outlays and are aimed at enhancing the county's ability to provide essential services, improve its overall functionality, and promote sustainable growth over an extended period. Operating Capital Expenses are recurring uses under \$100,000 for building, improvements and all machinery and equipment excluding infrastructure surtax. This does not include the Transportation Improvement Plan (TIP).

CIP PROGRAM

The Capital Improvement Program (CIP) offers a comprehensive overview of the financial landscape for the program year spanning 2023-24 to 2027-28. A Capital Improvement Project is any combination of Land, Buildings, or Site Improvements that will be required to accommodate a specific need of the County during the next five or more years. Projects should identify the costs for Land, Buildings (including Improvements to existing structures), improvements other than buildings, and related equipment. Only projects having a total estimated cost in excess of \$100,000 are to be considered for inclusion in the Capital Improvement Program. This also includes machinery and equipment that is part of new construction or funded by infrastructure surtax.

TIP PROGRAM

The Marion County Transportation Improvement Program (TIP) lists the anticipated projects throughout Marion County for the next five years. Types of projects are Capacity, Rehabilitation, Intersections and other miscellaneous maintenance such as guardrail, sidewalks, striping, etc. Activities undertaken on these projects can include preliminary engineering, survey, design, right-of-way acquisition, and construction. The TIP is revised annually prior to the budget and adopted by the BCC at a regularly scheduled board meeting. Each year the project cost and timing are updated as appropriate. The five-year timeframe is also revised to reflect the addition of the new fiscal year and all the new projects for that year.

THE CAPITAL IMPROVEMENT PROGRAM (CIP) PROCESS

The process of requesting funding for capital improvement projects begins with obtaining estimates. There are 4 types of estimates as follows:

Rough Order of Magnitude - This type of estimate is used for project screening, or deciding which among several projects to proceed with. The project should be defined around 0-5% and the accuracy is in the range of 30-50%. It does not break down the project into parts. Rather, it involves determining the overall units and scaling them to a known value. For example, the estimate of a warehouse is scaled by square footage from a previous warehouse building budget.

Feasibility or Square Foot Model - This type of estimate is used to determine the feasibility of a project and proceed with a decision to carry out the project. Large projects develop this type of estimate in order to present the Board with the information to make the decision to carry out or abandon the project. The project is defined around 5-20%, and the accuracy is in the range of 10-25%. The exact project definition level is determined by the minimum amount necessary to make the decision.

Preliminary or Systems/Assemblies Model - Also called the budget level estimate, this type of estimate is used to aid in a decision to choose among the various options available. The options for the final product, its features, and configuration are analyzed and estimated to make a decision to proceed with one alternative over the others. Hence, the estimate needs only to be as detailed as necessary to distinguish between the alternatives. The project definition level is about 10-40% and the accuracy of the estimate is 10-15%.

Definitive or Unit Pricing - This type of estimate applies when costs are known. That is, the project has been tendered (not just designed) and quotes have been received. In that sense, it's not really an estimate at all. However, contract values can often change, extra work is added or work is changed, and generally speaking, things happen that result in the need to budget a value that is different than the sum of the contractor quotes.

Project Approval - Project Scheduling - Project Construction

Project Approval (1 year) - During this time, each department fills out forms detailing their CIP wants/needs and submits to Facilities Management. Facilities will request additional information if needed and provide the proposed estimate for the project and return that estimate to the department. The department will then submit the CIP project as a part of its budget. County Administration will review their proposed projects and either approve or deny for inclusion in the proposed budget.

Project Scheduling (1-5 years) - After the projects are approved as part of each department's submitted budget, Administration determines where to place the project on the CIP schedule. Existing projects are currently scheduled 5 years in the future and new General Fund projects usually go to the end of the list unless there is a time-critical nature (life safety issue, grant funding that will expire, etc.)

Project Construction (6 months - 3 years)

- Design - 1 to 11 months. The process to go from concept to ready to bid (Architect/Engineer, full blueprints).
- Bid - 2 to 4 months. Procurement advertisement and bid evaluation process.
- Construction - 3 months to 2 years. Physical construction of the project.

Specific nonrecurring capital projects and their impact on the current and future operating budget are discussed by each department requesting funding during Budget Workshops in July. Quantifying the impact involves analyzing the costs and benefits associated with the project. This includes assessing ongoing operational costs, potential cost savings or revenue increases, and the broader impact on the entity's financial health. The BCC must ensure that capital investments align with its financial capacity and long-term sustainability goals while managing potential impacts on the operating budget.

Significant nonrecurring capital expenditures are described in both the Adopted Line Item Budget FY 2023-24 and the Adopted Capital Improvement Program 2023/24 - 2027/28.

DEBT OVERVIEW

The Capital Improvement Program (CIP) provides a framework for the County's long-term capital needs and the ability to fund the projects from existing financial resources. Historically, the County has utilized pay as you go funding for capital projects and been very conservative when it comes to issuing debt. At the end of fiscal year 2022, the County's total debt per capita was \$297 and debt service payments as a percentage of non-capital expenditures was only 1.7%.

As of September 30, 2023, the County's outstanding debt obligations totaled \$103,885,164; of which, \$3,153,593 are Special Assessment Revenue Bonds secured by tax assessments on the benefitting properties. The remaining debt is secured by general fund revenues, sales tax, and utilities system revenue.

There are a variety of debt types the County can use to finance municipal needs such as capital projects or short-term cash liquidity. Each debt type can be structured differently, such as taxable or tax-exempt, short- or long-term maturities, or variable or fixed interest rates, to name a few. Although Marion County predominantly utilizes revenue bonds, special assessment bonds, and state revolving loans; any of the debt types listed below can be used as a financing option.

- **Bond Anticipation Notes** – notes issued by a governmental unit in anticipation of the issuance of general obligation or revenue bonds.
- **Commercial Paper** – short-term debt (from one to 270 days) to finance capital projects. Commercial paper provides an alternative to the traditional fixed-rate debt for both short-term (interim) financing needs and possibly for diversification of the long-term debt portfolio.
- **General Obligation Bonds** – obligations secured by the full faith and credit of a governmental unit payable from the proceeds of ad valorem taxes.
- **Limited Revenue Bonds** – obligations issued by a governmental unit to pay the cost of improvements of a project or combination of projects payable from funds of a governmental unit, exclusive of ad valorem taxes, special assessments, or earnings from such projects.
- **Revenue Bonds** – obligations of a governmental unit issued to pay the cost of improvements of a self-liquidating project, or combination of projects payable from the earnings of such project and any other special funds authorized to be pledged as additional security.
- **Special Assessment Bonds** – bonds that provide for capital improvements paid in whole or in part by levying and collecting special assessments on the abutting, adjoining, contiguous, or other specially benefited property.
- **Special Obligation Revenue Note** – a debt obligation where the issuer agrees to pay the noteholder for a specific purpose. The repayment of the note is secured by a covenant to budget and appropriate legally available non-ad valorem revenues.
- **State Revolving Fund Loans** – low-interest loans to local governments to plan, design, and build or upgrade wastewater, stormwater, and nonpoint source pollution prevention projects or to build or upgrade drinking water systems. This fund initially evolved from federal grants and state contributions. Through the repayment of previous loans and interest earned, local governments can apply for the revolving funds.

LEGAL DEBT LIMIT

Marion County does not have a legal debt limit and Florida Law does not have a statutory limitation on the amount of debt a county can incur. However, as required by Florida Statute, the issuance of general obligation bonds must be approved by the majority of votes cast in an election in which the majority of the qualified electors residing in the county can participate. For any voter approved general obligation debt, the Board of County Commissioners levies an annual tax upon all taxable property that is sufficient to pay the annual principal and interest payments.

DEBT ADMINISTRATION

The Board of County Commissioners periodically approves the issuance of Debt Obligations on behalf of the County as follows: (a) to finance the construction, acquisition, and/or equipping infrastructure and other capital assets to meet its governmental obligations, (b) to refund outstanding debt when indicated by market conditions or management considerations, or (c) to restructure debt obligations in such a manner to ensure and sustain the long-term financial integrity of the County. Debt obligations cannot be issued to finance operating expenditures of the County.

The Finance Department and the County’s municipal advisor continually monitor market conditions and opportunities to refinance its debt to achieve lower debt service costs. When legally and economically feasible, lower-interest debt will be issued to pay off outstanding debt thereby making revenues available to fund other County services.

ASSIGNED CREDIT RATINGS

Local governments who issue bonds to public investors as a means of financing capital projects are assigned credit ratings by one, or more, of the three primary rating agencies: Moody’s, Fitch, and/or Standard & Poor’s (S&P). Rating agencies use a committee to evaluate the creditworthiness of the local government by analyzing their debt burden, management, financial performance, and economic base.

Once the credit rating has been assigned, these agencies publish their report publicly for investors to review. The rating provides an opinion of the ability and willingness of the local government to make timely payments. Credit ratings are not only beneficial for the investors; high ratings are also an indication of sound financial management which enables the County to meet its borrowing needs at the lowest cost of capital.

Currently, Marion County does not have any publicly issued debt. The County’s debt obligations are privately placed bonds financed by banking institutions or revolving loans issued by the state of Florida. For this reason, Marion County does not have any active credit ratings. The County will obtain an underlying credit rating for any publicly traded debt issued in the future. Historically, Marion County has been categorized as a strong A or Aa rating.

RATING DEFINITIONS

Category	Moody's	Fitch	S & P
Best Quality	Aaa	AAA	AAA
	Aa1	AA+	AA+
High Grade	Aa2	AA	AA
	Aa3	AA-	AA-

Utility System Revenue Bonds & Notes	Utilities Revenue	2.55
*As of fiscal year end, September 30, 2022		

PROPOSED TO ADOPTED

The proposed FY 2023-24 budget was presented to the Board of County Commissioners on June 20, 2023. During the summer, revenues and expenditures are updated based on the latest estimates and Board direction. The proposed budget is available online at <https://www.marioncountyclerk.org/departments/budget/bocc-budget/>. A summary of the significant changes from proposed to adopted is provided for reference.

Balances Forward accounts for the majority of the increase shown below as a result of re-appropriations.

Balances Forward - \$310,446,474

Prior to the end of each fiscal year, county departments review their current year expenditures relative to the current budget. In some instances, it is determined that capital or operational appropriations will not be expended in the current fiscal year. Departments submit a list of such items that they request to reappropriate to the subsequent fiscal year. The requests are submitted to the BCC at the second meeting of August for their approval and then added to the budget. This amount reflects any adjustments due to reappropriations, budget amendments and any agenda items from proposed to adopted budget that required change.

Coronavirus SLFRF - ARP - \$59,933,289

This re-appropriation represents the remaining amount of ARPA funds that are earmarked for Fiscal Recovery and Development, Affordable Housing Initiatives, and Utilities Line Extensions. These funds were provided by the Federal Government in 2022 and must be spent in accordance with the allowable categories by December 31, 2026.

Water Protect / Sustain Program - \$25,296,684

This revenue reflects the re-appropriation of funds from FY 2023 to FY 2024. Water protection and sustainability program revenues refer to the funds generated or allocated to support initiatives and projects aimed at safeguarding and sustaining water resources and ecosystems. These revenues can come from various sources and are typically used to fund activities and projects related to water conservation, environmental protection, and the promotion of sustainable water management practices.

Medicaid Managed Care - \$22,637,405

Year 2 of the non-ad valorem annual assessment received additional matching grant funds. The change for Year 3 of the annual non-ad valorem special assessment for hospital services at HCA - Ocala Regional Medical Center, Advent Health Ocala, The Vine Hospital, Encompass Health Rehabilitation Hospital of Ocala, and Kindred Hospital Ocala represents the full assessment requirement for matching funds.

LAP Agreement - \$7,808,811

This increase in appropriation is due to the re-appropriation of grants for various Transportation Improvement Program (TIP) projects.

SUMMARY OF CHANGES

Summary of Changes from Proposed to Adopted Budget			
	Proposed FY 2023-24	Adopted FY 2023-24	Difference
Countywide	\$665,839,175	\$998,957,070	\$333,117,355
Non-Countywide	\$288,393,791	\$409,601,684	\$121,207,893
Special District	\$1,283,062	\$1,315,054	\$31,992
Total	\$955,516,568	\$1,409,873,808	\$454,357,240

FINANCIAL POLICIES

Marion County, Florida has established a set of comprehensive long-term financial policies aimed at ensuring responsible fiscal management and sustainable growth for the region. These policies are designed to uphold the county's commitment to financial stability, transparency, and accountability. Although Marion County has a lot of formal practices guided by Florida Statutes, the below list are adopted policies specifically by the Board of County Commissioners:

- **Fund Balance Policy:** The County has established a fund balance policy in accordance with GASB Statement No. 54 "Fund Balance Reporting and Governmental Fund Type Definitions". The purpose of the fund balance policy is to establish a key element of the financial stability of the County by setting guidelines for fund balance. Unassigned fund balance is an important measure of economic stability. It is essential that the county maintain adequate levels of unassigned fund balance to mitigate financial risk that can occur from unforeseen revenue fluctuations, unanticipated expenditures, and similar circumstances. The fund balance also provides cash flow liquidity for the County's general operations. (Commission Policy 14-03)
- **County Investment Policy:** The County Investment Policy sets forth the investment objectives and parameters for the management of public funds of the Marion County Board of County Commissioners. These policies are designed to ensure the prudent management of public funds, the availability of operating and capital funds when needed, and an investment return competitive with comparable funds and financial market indices. This policy is located on the Clerk's website at: <https://www.marioncountyclerk.org/departments/finance/county-investment-policy/>
- **Pension Plan:** The County provides pension benefits for all employees through a statewide plan managed by the Florida Department of Management Services, Division of Retirement. The statewide plan is a contributory pension plan. The County complies with the Governmental Accounting Standards Board (GASB) Statement No. 68 "Accounting and Financial Reporting for Pensions," in regard to recognizing its unfunded portion of the statewide plan as a liability. This is reflected in the financial statements and notes within this Annual Comprehensive Financial Report.
- **Budget Amendments Policy:** The purpose of this policy is to establish a procedure for two types of budget adjustments: Budget Amendments and Budget Transfers. (Commission Policy 19-01)
- **Capital Assets Policy:** The Marion County Capital Asset Policy has been developed in accordance with Generally Accepted Accounting Principles (GAAP) and Governmental Accounting Standards Board (GASB) Statement Number 34, to set forth the parameters of governmental accounting for capital assets. Included in this policy are asset class definitions, capitalization thresholds, and methods of depreciation and amortization. (Commission Policy 20-03)
- **Capital Improvement Projects:** This policy establishes a 5 year General Government Capital Improvement Plan adopted annually. The County Administrator and Budget Director are responsible for soliciting annual revisions to the CIP and projections of expenditures for the upcoming fiscal year and must be submitted no later than the deadline for budget submissions to the Budget Office. The County Administrator and Budget Director are further tasked with compiling and making necessary revisions to the CIP. This information is then presented to the Board during or before the annual budget workshops. After undergoing a review by the Board, the CIP is placed on the agenda before the Budget public hearings, where decisions are made regarding project prioritization and funding mechanisms. It's important to note that the Transportation Improvement Fund (TIP) is explicitly stated as not being included in the CIP. (Policy 01-01)
- **Project Close-Out Policy:** This establishes a policy that provides a final review of projects, to determine if the scope of work has been completed to the satisfaction of the end user, to determine if the project was completed within budget, and to reassign or release the remaining funds for future use or carry forward. (Administrative Policy 07-02)

MARION COUNTY, FLORIDA

Jaime McLaughlin	Assistant Budget Director
Jennifer Cole	Finance Director
Tina Novinger	Controller

BUDGET REQUIREMENTS AND CALENDAR

Florida law requires an annual budget, including all such funds as required by law, to be prepared, approved and adopted for each fiscal year. The budget shall control the levy of taxes and expenditure of money for all County purposes during the ensuing fiscal year. The budget process must be conducted in accordance with Chapters 125, 129, 200, and 218 of the Florida Statutes, as amended.

SPECIFIC LEGAL REQUIREMENTS

Florida Statutes set forth requirements to adopt the annual budget for the ensuing fiscal year. Primary requirements include:

- By June 1, the Property Appraiser must send an estimate of the total assessed value of nonexempt property for the current year to the Marion County Board of County Commissioners (BCC).
- By July 1, the Property Appraiser must certify the preliminary taxable value of property within each taxing district. Taxable values for each Tax Increment Financing District must be provided.
- Within 35 days of either July 1 or the date the Property Appraiser certifies the taxable value of property, whichever is later, the BCC must tell the property appraiser prior year millage rates, proposed current year millage rates, the current year roll-back rate (the millage rate that will generate the same amount of revenue as the prior year for existing construction) as specified by s. 200.065, F.S., and the date, time and place for the first statutorily required public hearing on the proposed budget and millage rates.
- Within 65 to 80 days of July 1 or the date the Property Appraiser certifies the taxable value, the BCC must hold a public hearing, after 5:00 p.m., to hear public testimony and to adopt a tentative budget and tentative millage rates. The date, time (after 5:00 p.m.) and place for the second required public hearing is set at this time.
- Within 15 days after the first statutorily required public hearing, the County is required to publish two budget advertisements in a newspaper of general circulation in the County. One advertisement notifies county residents of the BCC's intent to adopt final millage rates and a final budget, identifying any increase in property taxes. The second advertisement summarizes the tentative budget, showing for each budget and for the total of all budgets, the proposed millage rates, balances, reserves, and major revenue and expenditure classifications.
- No earlier than 2 days and no later than 5 days after the advertisements have been published the second statutorily required public hearing must be held to receive public input and to adopt final millage rates and the final budget.
- Within 3 days of the final public hearing, copies of completed ordinances or resolutions adopting the final millages and budget must be forwarded to the Property Appraiser, the Tax Collector, and the Florida Department of Revenue.
- Within 30 days following adoption of the resolution establishing the property tax levy, the BCC must certify to the Florida Department of Revenue that they have complied with the provisions of Chapter 200, F.S.
- Copies of the adopted budget are filed with the Clerk of the Court as public records. Upon final adoption of the budget, the budget shall regulate expenditures of the County and the budget shall not be amended, except as provided in Chapter 129.06, Florida Statutes. Pursuant to Chapter 129.07, Florida Statutes, it is unlawful for the BCC to expend or contract for expenditures in excess of budgeted amounts in each fund.

“(1) A budget shall be prepared, approved, adopted, and executed as prescribed in this chapter for each fiscal year. At a minimum, the budget must show for each fund, as required by law and sound financial practices, budgeted revenues and expenditures by organizational unit which are at least at the level of detail required for the annual financial report under s. 218.32(1).”
-Chapter 129.01, F.S.

ADOPTION OF THE FY 24 BUDGET

In addition to complying with specific legal requirements for budget adoption and levying property taxes, Marion County's budget process consists of four distinct phases.

The Planning Phase

The Budget planning process begins with a countywide strategic planning workshop. This workshop charts the course for the upcoming BCC priorities. The BCC is actively engaged in the process by offering guidance and setting their priorities. These priorities encompass various aspects, including personnel, operating expenses, and capital investments, all of which have a significant impact on the county's departments and their strategic plans. Additionally, County Administration holds operational workshops with departments on a rotational basis with 3-4 highlighted per year.

The Preparation Phase

The budget preparation process phase commences with the Budget Department preparing necessary materials, such as budget entry instructions, examples, and training materials. Moreover, they conduct mandatory training sessions for specific employees tasked with departmental budget submissions. In late January, the budget software is made accessible to departmental users to input their budget requests. These requests encompass position changes, operating expenses, and capital expenses, along with capital improvement program requests. Departments are allotted a month to submit their budget proposals before County Administration embarks on its review. Outside agencies and Constitutional Officers are also provided with budget startup packets to facilitate their budget requests.

In late March, the departments' requests are forwarded to the County Administrator who reviews, edits, and approves department budget requests for inclusion in the proposed budget.

The Proposed Phase

Upon receiving all expenditure requests from stakeholders, the Budget Department diligently prepares and presents the balanced proposed budget, utilizing the financial data and estimated property values as of June 1. The proposed budget and CIP are presented to the BCC at the 2nd board meeting in June. After which, workshops are convened with the BCC, during which the July 1 certified property values are incorporated into the budget deliberations. This ensures that the budget remains up-to-date and aligned with the most current financial figures. Additionally, reappropriations of current projects that may not be completely by September 30th are examined and incorporated into the tentative budget during the 2nd meeting of August, allowing for a thorough assessment of funds and resources to determine their reallocation or retention within the budgetary framework.

The Public Adoption Phase

The adoption of the budget is comprised of 3 significant actions: the approval of the maximum millage rate, the Tentative Public Hearing, and the Final Public Hearing. On or before August 4 of each year, the Board of County Commissioners shall advise the Property Appraiser of the proposed millage rates, the rolled-back rates, and the date, time, and place at which the public hearings will be held to consider the proposed millage rates and the tentative budget. {Florida Statutes Section 200.065(2)(b)}. With this action, the maximum millage rate to fund the Tentative Budget and the date, time and place for the Tentative Public Hearing for the Marion County Board of County Commissioners is set.

The Tentative Public Hearing is the first of two State-mandated public budget hearings, that must be held between September 3 and September 18. During this hearing, the BCC listens to public testimony and subsequently deliberates and votes to set the tentative millage rates and tentative budget.

The Final Public Hearing must be advertised within 15 days of the Tentative Public Hearing and must be held 2-5 days after the advertisement appears in the newspaper which shall incorporate any adjustments or revisions made by the BCC based on input received during the Tentative Public Hearing. The Final Public Hearing shall adopt the budget for the upcoming fiscal year, which commences on October 1st.

ADJUSTING THE BUDGET

After the formal adoption of the budget each September by the Board of County Commissioners (BCC) for the fiscal year beginning October 1st, Budget Adjustments may be required to accommodate unforeseen fiscal activities. These adjustments include amendments which require a BCC agenda item or an administrative transfer. When a budget is adjusted, an offset is required to ensure that the budget remains in balance as all adjustments must maintain a balanced budget.

Both adjustments are initiated by the individual department or agency through our Enterprise Resource Planning (ERP) software. If it is an outside agency or constitutional officer, they will submit it to the Budget department to enter for them, due to not having direct access to the ERP. In requesting a budget adjustment, the following additional information is required:

- *A cover page which states the initiator (department director), the department requesting the amendment, and the description and purpose of the amendment. The description and purpose of the amendment seeks to answer the following questions:*
 - *Why is additional funding needed for the account? Why is(are) the current budget(s) insufficient? What is(are) your source(s) of funding? Why are these funds available? Is this a one-time or recurring change? If recurring, what is the plan to fund it in the future? Is there any additional information the Commissioners need to know about this budget amendment request?*

Each department's entry personnel are responsible for initiating agenda items, via an electronic workflow system, that affect their department's activities or budget. The completed Cover Page with the requested line-item changes is electronically signed by the department director and then forwarded for review through the organization. Electronic review and signature are generally performed in the following sequence:

- *Department Entry Personnel*
- *Budget Department (for preliminary review)*
 - *As part of the overall review process, the Budget Department reviews the proposed budget amendment for accuracy, availability of funds, completeness, compliance with BCC Policies, and other matters considered appropriate for good financial management. If changes or corrections to a budget amendment are required, the item is electronically returned back to the originating department for revision and resubmitted for electronic approval.*
- *Department Director*
- *Assistant County Administrator*
- *Fiscal Manager*
- *County Administrator*
- *Budget Department*
- *Budget Director*

Once approved by the Budget Director, if the adjustment is an amendment that requires BCC approval, then the budget department staff shall place the budget amendment on the requested BCC agenda. They create a budget amendment resolution for each budget amendment submitted and attach it to the agenda item. Additionally, they use the department-submitted cover page to create an agenda item cover page with the information provided. Copies of the resolutions are provided to Commission Records for the chairman and the Clerk of Court to sign after approval at the BCC meeting.

Upon final approval by the BOCC, the budget amendment is posted to the financial system by the Budget Office.

Administrative Transfers

On January 18, 2022, the Board amended Commission Policy 19-01. This policy defined the procedure for Administrative Budget Transfers.

A Budget Transfer is an adjustment to line items that may be executed by the County Budget Officer under the following conditions:

- The budget transfer does not change the total expenditure appropriations of a Cost Center; and
- The transfer adheres to the following account restrictions:
 - The transfer occurs between personnel expenditure accounts; or
 - The transfer occurs between operating expenditure accounts; and
- The transfer per line-item account is \$10,000 or less; and
- The transfer is approved by the County Administrator; and
- The transfer is reviewed and approved by the County Budget Officer.

Approved Budget Transfers will be reported on a future Board of County Commissioners regular meeting agenda as a notation for record by the County Budget Officer.

These Administrative transfers utilize the same electronic workflow process as a budget amendment that requires agenda action and a resolution. The Budget Department prepares the Administrative Transfer report for each scheduled BCC agenda. This report shows the journal number, the fund, cost center, accounts, amounts, effective date, and the purpose of the transfer.

Supplemental Budget

The Board of County Commissioners may by resolution amend the prior fiscal year budget up to sixty (60) days following the close of the fiscal year to recognize additional revenues and expenditures necessary to meet its fiscal obligations as outlined in Florida Statutes 129.06(2).

Our county annual budget is actually 24 months in practice.

**Adopted Budget
Division Detail**

**Marion County Board of County Commissioners
Fiscal Year 2024 Adopted Budget**

**Legislative and Administrative
Division: County Commission**

DESCRIPTION:

The Board of County Commissioners is the primary legislative and policy-making body for Marion County. Each commissioner represents one of the five districts in which they reside. They are elected by all county voters to serve a four-year term. The board elects a chairman and vice-chairman each year. Commissioners hear and vote on a variety of issues. Whether enacting ordinances and resolutions or approving budgets and expenditures, this board has the responsibility to provide for the safety and welfare of all Marion County residents. The County Commission's budget includes the 5 commissioners and 2 executive assistants and is funded through General County Ad Valorem taxes and other revenue sources. Ad Valorem taxes are also used to fund the elected constitutional officers, state-mandated programs such as Medicaid and various other programs. Marion County's population growth has challenged us to find innovative and resourceful funding options for the increasing demand on services. Building public and private partnerships is one option which has proven to be our most successful.

County Attorney

Marion County Board of County Commissioners Fiscal Year 2024 Adopted Budget

Legislative and Administrative Division: Legal

MISSION:

The mission of the County Attorney's Office is to protect the interests of Marion County by providing a broad range of legal services and support to the Board of County Commissioners' and to all County Departments while carrying out the mission of the County. The County Attorney's Office represents the organization as a whole, and not individual Commissioners or employees. The County Attorney's Office does not provide legal advice or services to the general public.

DESCRIPTION:

The County Attorney's Office provides legal counsel for the Board of County Commissioners and its various Departments; acts as legal counsel at meetings of the Board of County Commissioners and appointed boards; represents the County in litigation brought against the County in State and Federal courts and provides formal services including attendance at meetings and conferences, preparation and review of ordinances, resolutions, contracts, legal memoranda, and other documents; performance of general administrative duties and legal research. Due to the fact that the Board's powers and duties require compliance with Federal and State Constitutional provisions, statutes, and administrative rules, many of which are regularly amended, the County Attorney's Office is a necessary participant in organizational policy and strategic initiatives.

The subject matter areas represented by County Attorney's staff include, but are not limited to: Administrative law; animal control; annexations; bankruptcy; bid disputes; building construction; civil litigation; civil rights actions; code enforcement; collective bargaining; comprehensive plan; condemnation/eminent domain; constitutional law; contract negotiations, drafting and enforcement; easements and liens on land; first amendment issues; Sunshine Law & Public Records Act; human resources and employment discrimination; interlocal agreements; public sector collective bargaining; public utility law; purchasing and government contracts; real estate acquisition and litigation; foreclosures; torts and negligence cases; workers' compensation claims and zoning and land use matters.

BUDGET PRIORITIES:

Our budget priorities include continuing to improve technology capabilities by allocating funds to update applicable technology and to continue providing exceptional services as cost effective as possible, without jeopardizing quality.

GOALS:

The goals of the County Attorney's office are to respond to the Board of County Commissioners' questions as expeditiously as possible; to continue to provide excellent legal support to all Marion County Departments; to maintain standards of practice for both attorney and non-attorney personnel to reinforce the responsibility of all staff to conduct themselves consistently and within expectations associated with their profession; and to continue staff development through work assignments, seminars, workshops, education, board certification and CLEs relating to applicable subject matters.

Fiscal Year 2024 Adopted Budget**

Administration

Marion County Board of County Commissioners Fiscal Year 2024 Adopted Budget

Legislative and Administrative Division: Administration

MISSION:

The mission of the County Administrator is to lead public service in genuine dedication to our citizens through professional operations and resource stewardship.

DESCRIPTION:

The County Administrator is the top administrative post in Marion County Government responsible for implementing commission policies and directives, leading the preparation of the county budget and overseeing daily operations. The County Administrator's direct reports include Marion County Fire Rescue Department, in addition to the three Assistant County Administrators and the Executive Director who leads the Office of Fiscal Review and oversees Procurement Services and 911 Management. The County Administrator's budget includes the budgets of the Office of Fiscal Review, Public Relations, and Administration.

BUDGET PRIORITIES:

The significant change in the County Administrator's budget in FY 2023-24 is the addition of three new positions in the Public Relations Department. Over the last year, Marion County Public Relations has seen an increase workload including newsletters, podcasts, events, website design, video and photography for both external and internal customers. Additionally, Marion County's social media page visits are up 295% on Facebook and 9.4% on Instagram with an overall audience of 71,000 people and the Empowering Marion for Success II Strategic Plan leans heavily on Public Relations as a trusted source for completion.

GOALS:

The County Administration goals include the implementation of a method to track internal and external customer satisfaction and improve response time to citizens issues to 24 hours or less; to meet with the Local Tech Planning Team monthly regarding broadband initiatives in order to create a granular map of county service areas while determining the unserved areas of the county; and to hold quarterly broadband equity and access events for Marion County citizens in order to determine potential funding strategies to meet the county's broadband needs will also be a top priority. The Public Relations Goals include evaluation of new and emerging social media tools to increase overall reach by 10%, increase visibility and create positive sentiment for the County by working to increase the audience of the monthly newsletter by 15%, and to implement a new SharePoint system for employees to help them stay informed and allowing them to share information.

Human Resources /
Risk & Benefits
Services

Marion County Board of County Commissioners Fiscal Year 2024 Adopted Budget

Legislative and Administrative Division: Human Resources Administration

MISSION:

The mission of Human Resources is to attract, develop and retain a highly qualified, diverse workforce, creating a culture of opportunity, health and safety.

DESCRIPTION:

The Human Resources Department is comprised of six internal functions: Employment and Recruitment, Benefits, Compensation, Employee and Labor Relations, Training and Development, and Human Resource Records. These functions support 26 Departments and over 1,800 positions. The Department interacts with thousands of job applicants, maintains compliance with State and Federal regulations and labor laws, and provides professional counsel on personnel issues faced by the County and its employees daily.

The Employee Health Clinic provides services to the employees of the Marion County BCC and the other Constitutional Officers including occupational, preventative, acute, and restorative services to prevent injuries/illness and return employees to functioning as active members of their Department after an occupational injury. Substance abuse screenings are also maintained as mandated through Federal standards, CBA and Employee Handbook.

BUDGET PRIORITIES:

The budget priorities for Human Resources are to incorporate funding to promote employee training and education as well as continuing education for the Human Resources Department. Additionally, the budget includes funding for community outreach to promote recruiting and retaining quality employees. Funding has been set aside to invest in high school and college level internships as part of a workforce initiative.

GOALS:

The goal of the Human Resources Department is to provide support and quality service to the Board of County Commissioners, Departments, and Stakeholders. Human Resources supports the mission of the organization through effective implementation of the guiding principles, core values, and organizational priorities. The Department focuses on recruiting and retaining a highly qualified, diverse workforce; creating a culture of opportunity, health and safety for all employees; enhancing the quality of life of our employees; and maximizing productivity in the workplace. These goals will be met through strategic objectives that focus on a productive work environment, staff development, and health and wellness initiatives.

Information Technology

Marion County Board of County Commissioners Fiscal Year 2024 Adopted Budget

Support Services Division: Information Technology

MISSION:

The mission of the Information Technology Department is to provide high-quality customer service by delivering secure, reliable and innovative technological solutions in the most cost-effective manner to the Board of County Commissioners, County Departments and other Local Governmental Agencies to better serve the citizens of Marion County.

DESCRIPTION:

Marion County Information Technology (IT) delivers and supports secure, reliable, and innovative technological solutions in a cost-effective manner to the Board of County Commissioners and other Local Governmental Agencies to help them serve the citizens of Marion County. To provide these services, IT is comprised of eleven areas of specialization: Application Services, Data and Reporting Services, Geographic Information Systems (GIS), Inventory and Logistics, Networking Services, Office Support, Project Management, Security Services, Servers and Enterprise Storage, Technical Services, and Web and Multimedia Productions.

BUDGET PRIORITIES:

IT continues to evolve at an astonishing rate. Today, we collaborate with the world around us using a multitude of cloud-connected devices, known as the Internet of Things (IoT). Moving forward, intelligent cloud-based applications will empower our workforce to remain connected while conducting County business from any geographic location. Many of our core business and life-safety applications rely on the power of Geographic Information Systems (GIS), which necessitates the progression of this critical system. To ensure the organization maximizes its technology investments, IT's Operational plan in conjunction with the County's Strategic plan provides a roadmap to modernize County staff's technological skills, by better equipping them for the adoption and efficient use of their daily business tools.

GOALS:

During the upcoming budget year, Information Technology's goals are to focus on the following: e-signatures, to transform our Citizen's Portal, to improve countywide collaboration, scale cloud computing services, to increase wireless capabilities, and to establish interDepartmental instructional teams and enhance the GIS experience. The budget includes staffing changes to realign our Department in order to accomplish our mission.

Procurement Services

Marion County Board of County Commissioners Fiscal Year 2024 Adopted Budget

Support Services Division: Procurement Services

MISSION:

The mission of Procurement Services Department is to provide goods and services of appropriate quality and quantity as required by the County Departments in a timely manner, at the least overall cost to the taxpayers, and to administer the procurement process in an open, fair, competitive manner and without conflict of interest, or other impropriety or appearance of impropriety.

DESCRIPTION:

Procurement Services works with the individual Departments and with vendors and other elected officials to assure our taxpayers that all purchases for Marion County are made in a transparent and ethical manner. Procurement Services facilitates the competitive solicitation process, administers contracts and ensures accurate and timely payment to all vendors.

BUDGET PRIORITIES:

The FY 2023-24 budget includes additional dollars over last fiscal year in order to expand and enhance training for the Procurement Contract Analysts (PCA) as well as the Fiscal Analyst. The Fiscal Analyst works on troubleshooting in Tyler Munis as well as developing reports, training and budget. Training for this position will include the Tyler Connect Conference. The PCA's must keep up with changing legal aspects of public procurement and are working towards certifications. The Travel and Per Diem and Training budget lines reflect this increase.

GOALS:

The goal of Procurement Services is to become a more pro-active service Department by seeking out opportunities for saving money through vendor outreach to increase competition, to utilize technology in order to accommodate increased work volume while maintaining current staffing levels, to continuously review and update policies and procedures to accommodate changes in law and to promote efficiency and transparency, and to continue to build a local purchasing network with local area professionals to enhance knowledge and combined solicitations.

Fleet Management

Marion County Board of County Commissioners Fiscal Year 2024 Adopted Budget

Support Services Division: Fleet Management

MISSION:

The mission of Fleet Management is to provide support to all Board of County Commissioner Departments, County Constitutional Offices and some State of Florida Agencies by focusing on quality services, timely support, standardization and optimizing total cost of ownership. Our objective is to meet and exceed the service and safety needs of our customers.

DESCRIPTION:

Fleet Management provides the core services of asset management for over 1,700 vehicles and equipment and the fuel management of 19 fuel sites. The Department provides ASE and EVT certified professionals to maintain and manage assets in a condition that improves replacement cycles, enhances efficiency and maintain a safe work environment.

BUDGET PRIORITIES:

Evident of our expenditures from FY 2022, our overall operational costs have increased substantially. Consequently, we have prepared a budget to reflect these increases. Salaries have increased due to the salary study that became effective in FY 2022 and we are including an additional Fleet Vehicle Technician position to support our growing fleet. Our preventative maintenance request increased due to vendors' new costs. Fuel management expenses have surged due to usage and unstable pricing and our parts account increased due to supply and demand.

GOALS:

Fleet Management's core goals are to achieve an 85% or higher Technician Productivity Rating as compared to an industry standard of 75%. This outcome measures revenue-generating time for billable hours. We also aim to increase the annual number of Preventative Maintenance (PM) services and achieve a 95% or higher customer approval rating. As the County grows and Departments' equipment needs have increased, our long-term goal is to support the planning design and construction efforts of the new Fleet facility and add more technicians.

Facilities
Management

Marion County Board of County Commissioners Fiscal Year 2024 Adopted Budget

Support Services Division: Facilities Management

MISSION:

The mission of Facilities Management is to be dedicated to serve the staff and customers of Marion County through professional operations and resource stewardship. The Department is focused on reliable customer service, development of employees, accountability, and providing a safe and positive work environment.

DESCRIPTION:

The Marion County Facilities Management Department is a strong team that consists of Administration, Operations Management and Project Management. Our team of technicians consists of multiple construction trades including Electrical, HVAC, Plumbing, Carpentry, Cabinetry and Painting. Facilities Management is responsible for managing modern preventive maintenance techniques to ensure the successful operation of mechanical systems and the most conservative use of energy possible. We provide preventive maintenance, building repairs, grounds maintenance, renovations, construction management and energy management services. It is our goal to ensure our staff and citizens can perform their daily business in a functional and safe environment. We maintain a 24-hour on-call response program to ensure that emergencies are cared for in a practical timeframe. We are responsible for the maintenance of over 370 County owned buildings and structures, totaling over 3.3 million square feet of occupied space.

BUDGET PRIORITIES:

The budget priority of Facilities Management is to strive to utilize available funding to provide the highest level of service in terms of security and asset management. This process includes identifying work that should be handled in-house versus contracted as well as providing the proper expansion and master plans to meet the demands of the growing population within Marion County.

GOALS:

The goal of Facilities Management is to provide ongoing professional growth and work-life balance for all employees in the Department; to implement Building Management Programs aimed at improving the efficiency, safety, and cost effectiveness of all County owned buildings; to foster a dedicated team that reviews, approves, constructs and manages all County projects; to develop and track key benchmarks to provide visibility on service performance; and to research, implement and maintain advanced maintenance techniques to push the County towards an increase in indoor environmental quality (IEQ).

Planning and Zoning

**Marion County Board of County Commissioners
Fiscal Year 2024 Adopted Budget**

**Growth Management
Division: Planning and Zoning**

MISSION:

The Planning and Zoning Division is committed to maintaining and improving the quality of life in Marion County by coordinating natural and physical resources to ensure Marion County's position as a highly desirable community to live, work and play by balancing the needs of the community as the county moves into the future. By encouraging multiple pathways of discussions between customers of the community and the county, we strive to excel at public engagement with stakeholders to ensure accountable stewardship and investment.

DESCRIPTION:

The Planning and Zoning Division focuses on the long range and short range planning of the County's land use, transportation, infrastructure, housing, environmental protection, conservation, and recreation, including providing for inter-governmental coordination with Federal, State, Regional and Local Agencies. Long range planning focuses on updating and maintaining the County's Governing Comprehensive Plan and implementing Land Development Regulations, including preparation of the Evaluation and Appraisal Report (EAR) overseeing amendments to the Comprehensive Plan and Land Development Regulations through the engagement of the public and stakeholders in creating the future vision of Marion County. Long range planning also includes the development and implementation of area plans. Short range or current planning includes the review of a variety of applications including rezoning, special use permits, special event permits, and temporary use permit applications. Activities include reviewing building permits and site plan applications and subDivision related applications. Additional responsibilities include overseeing the impact fee programs, concurrency management and Community Redevelopment Agency programs. This section focuses on direct customer interactions providing information to the public and development professionals regarding Marion County. The Planning and Zoning Division works hand in hand with other Departments to provide planning support as needed. Activities include coordinating population data, geographic information systems data, development tracking data, and coordinating specialized planning needs for other Departmental operations. Intergovernmental coordination includes working with the Ocala/Marion County Transportation Planning Organization (TPO), local governments, and the East Central Florida Regional Planning Council (ECFRPC).

BUDGET PRIORITIES:

The Planning and Zoning Division's budget priority is the development and implementation of plans and processes to facilitate the vision of the community by providing quality services and empowering citizens to engage in the planning process while remaining informed about ongoing development activities. A key focus is increasing Professional Development to enable staff to more effectively engage with the community and implement the community vision. The EAR update will be initiated this year, as well as ongoing efforts by staff to update the Land Development Code and perform various corridor studies utilizing consultants as appropriate.

GOALS:

Planning and Zoning's short term goals focus on increasing public information methods and streamlining review processes to improve efficiencies while allowing citizens to directly access current data for active applications including comprehensive plan amendment, zoning and special use permit, variance, and development applications. Our long term goals are to focus on developing studies to serve as the basis for planning decisions and activities and providing a guideline for achieving the community vision.

Code Enforcement

**Marion County Board of County Commissioners
Fiscal Year 2024 Adopted Budget**

**Growth Management
Division: Code Enforcement**

MISSION:

The Code Enforcement Division's mission is to promote, protect, and improve the health, safety, and welfare of the citizens of Marion County through an effective Code Enforcement Program.

DESCRIPTION:

The primary responsibility of the Code Enforcement Division is to educate citizens about Marion County codes and ordinances through a voluntary compliance program in order to protect the property values, health, safety, and welfare of the public. The Code Enforcement Division is a General Fund Division, which is required to address statutory requirements of Chapter 162. The 2023-2024 fiscal year budget reflects the cost involved in meeting these requirements. In addition to responding to citizen complaints, Marion County Code Enforcement Officers also take a pro-active approach by addressing violations they observe while traversing the County. Continuous cross training of our Department staff has enabled us to increase the efficiency and quality of our customer service, and have a greater presence in the field, improving communications and understanding with our citizens.

BUDGET PRIORITIES:

The budget priority of Code Enforcement is increased presence of Code Officers in the field to proactively identify code violations. We will do this with three Staff Assistants, twelve Florida Association of Code Enforcement [FACE] trained code enforcement officers, and a Code Enforcement Supervisor.

GOALS:

The Code Enforcement Division has implemented a balanced and comprehensive approach to enforcement allocating Division resources between public generated complaints and more proactive investigations of code violations. The primary goals for Code Enforcement for the coming year are to remain focused on educating our citizens of the codes and ordinances in order to promote and gain voluntary compliance in a timely manner; to provide enforcement support in the County's mission to reduce littering in Marion County; to continue being proactive in identifying violations and enforcement; to provide all our customers with the utmost professional level of service and integrity; to provide lien collections for Code Enforcement Board and abatement liens and reduce the time from the date of complaint received to initiate the investigation.

Marion County Board of County Commissioners
Fiscal Year 2024 Adopted Budget

Fire Rescue

Marion County Board of County Commissioners Fiscal Year 2024 Adopted Budget

Public Safety Division: Fire Rescue and Ambulance

MISSION:

Marion County Fire Rescue proudly protects life and property with honor, compassion and respect.

DESCRIPTION:

Marion County Fire Rescue (MCFR) began its organizational roots as a pure Voluntary Fire Department and has grown to become a premier career Fire Rescue Agency in the State of Florida. Twenty four fire stations and three EMS stations provide the backbone of service for Marion County citizens daily. Various apparatus and deployment models are used to answer citizens calls for service. Service delivery and performance analysis provide necessary information to ensure data-based decisions are used to guide the service provided.

BUDGET PRIORITIES:

This year, Marion County Fire Rescue will prepare for the five-year annual Fire Assessment Process while continuing to expend the surtax funds to bolster and maintain the capital equipment, apparatus, and vehicle replacement plans for EMS and Fire. MCFR will expand and enhance the cancer prevention initiatives through additional bunker gear and cleaning procedures. Furthermore, we will continue to enhance the safety of Single Certified Employees through the purchase of extrication gear and safety equipment. MCFR will address productivity and efficiency through the addition of support staff positions to handle the daily processes and procedures created by increased personnel and service demands. This will include an expansion of the Training Division to maintain the current training initiatives for ISO and support the continued hiring and training of new employees to address turnover. Additional support includes pre-fire plan software and additional staff for annual fire inspections.

GOALS:

The goals of Marion County Fire Rescue are to ensure service levels meet citizen demand, to complete the five-year Fire Assessment Planning, to expand and enhance the Training Division, to reduce employee turnover and increase retention and to execute the various capital replacement plans.

9-1-1 Management

**Marion County Board of County Commissioners
Fiscal Year 2024 Adopted Budget**

**Public Safety
Division: Emergency 9-1-1 System**

MISSION:

The mission of the 9-1-1 Management Department is to ensure that when a citizen dials 9-1-1 from a telephone, the 9-1-1 call is routed to the correct Public Safety Answering Point (PSAP) and accurate information appears on the enhanced 9-1-1 screen - in particular, the caller's name, address, telephone number and proper emergency response agencies.

DESCRIPTION:

In support of our mission, this Department addresses all of Marion County and acts as a focal point for street sign requests and any other items which would help locate our citizens in the event of an emergency. We constantly monitor, correct, and update the Enhanced 9-1-1 Database, which has over 200,000 records from more than thirty telephone companies. This Department also directly supports the PSAPs by providing 9-1-1 service and equipment, keeping pace with the newest technological demands and ensuring adherence to the Florida Emergency Telephone Act and the Florida State 9-1-1 Plan.

BUDGET PRIORITIES:

The budget priority this fiscal year is to grow the 9-1-1 Emergency System Fund as much as possible for the future implementation of Next Generation 9-1-1 outlined in the goals statement.

GOALS:

The 9-1-1 Management Department's focus for the next five years is the implementation of an Emergency Services IP Network (ESInet), Next Generation Core Services (NGCS), a Regional Mapping Repository, and a Regional Emergency Backup Public Safety Answering Point in another Florida county capable of handling our 9-1-1 calls in the event of a local catastrophic disaster.

Marion County Board of County Commissioners Fiscal Year 2024 Adopted Budget

Public Safety Division: Public Safety Radio

MISSION:

The Radio Division's mission is to professionally maintain the Marion County P25 800 MHz, UHF, and VHF radio systems equipment and infrastructure. We provide reliable radio systems operation and strive to maintain 100% uptime for all radio systems that support our first responders, public safety support personnel, and all other radio systems users. We respond 24/7 to all public safety radio communications trouble calls and requests for service. We work tirelessly to improve partnerships between Marion County and the State of Florida and its surrounding counties to increase valuable interoperable communications. The Radio Systems Manager supports Emergency Management Communications, serving as Marion County's all-hazards Communications Leader (COML) all while performing our mission by protecting taxpayer dollars from waste, fraud, and abuse.

DESCRIPTION:

The Public Safety Communications Radio Division is responsible for the maintenance, repair, and administration of the Marion County P25 800 MHz, VHF, and UHF radio systems equipment and infrastructure. The Division provides dedicated service to over 3,000 county radio users, with emphasis on first responders whose mission it is to serve and protect Marion County's citizens' lives and property. Our Division also supports all Emergency Support Function (ESF) disciplines and public safety support Departments within the Marion County Board of County Commissioners. The Radio Division works in conjunction with Marion County Sheriff's Office, Marion County Fire Rescue Department, the cities of Ocala, Belleview, and Dunnellon, Marion County Public Schools, Advent Health and Ocala Regional Medical Centers, and county communications interoperability partners, Alachua, Citrus, Lake, Levy, Putnam, and Sumter counties, to improve interoperable communications.

BUDGET PRIORITIES:

Aligning with the goals of the strategic plan, the Radio Division has moved forward with the expansion of the radio tower infrastructure to better support the needs of the public safety responders and all radio users throughout Marion County. Doing this requires an increase to the budget to cover operational expenses related to the additional towers including such costs as utility and communication service needs. As part of the strategic plan the Radio Division has worked to expand access to the radio system to Departments and users throughout the county. Doing this requires increased costs to provide sufficient maintenance of the equipment utilized by the public safety radio system. Providing such maintenance ensures proper functionality of the Motorola P25 radio equipment utilized by public safety personnel such as Marion County Fire Rescue and Marion County Sheriff's Office as well all Marion County general government municipalities. With an increase to tower sites and radio users, it is vital to account for radio system equipment to ensure responsibility and functionality of said equipment is maintained. To accommodate this need, the Radio Division will be increasing the budget so to implement updated MCM asset management software. This software will allow for the streamlining of current practices and the increase of efficiency and accountability of all radio systems equipment and assets. Utilization of this specialized software will better protect the assets and investments of Marion County.

GOALS:

The Radio Division will expand and upgrade the 800 MHz system with one converted tower from an Astro Site Repeater (ASR) in Dunnellon and the addition of three tower sites; North-End Sparr/Anthony, Dollar General Marion Oaks and Salt Springs VFW. GPS is to be added to the system radios for tracking purposes and to enhance radio user safety. The Marion County School Board is to be added to the radio system to assist in the improvement of communication with school buses. Additionally, the Radio Division aims to improve first responder safety through continued interoperability with Marion County municipalities and surrounding counties through the use of shared channels and encryption keys. Further goals are to improve cooperative training opportunities with each of our first responder agencies and general government Departments.

Public Safety
Communications

Marion County Board of County Commissioners Fiscal Year 2024 Adopted Budget

Public Safety Division: Public Safety Communications

MISSION:

Marion County Public Safety Communications (PSC) is an Accredited Center of Excellence (ACE), committed to providing professional, efficient, and accurate emergency telecommunications. We accomplish this by utilizing leading edge technology, advanced protocols, training and quality assurance, with a dedication to teamwork and commitment to customer service and stewardship.

DESCRIPTION:

Marion County PSC provides countywide access to 9-1-1 as well as dispatch services for Marion County Fire Rescue. To ensure best practices, PSC submits myriad performance metrics and policy information for independent review to two independent conformity assessment bodies, the International Academies of Emergency Dispatch (IAED) and the Florida Telecommunications Accreditation Commission (FLA-TAC) and has been not only accredited, but recognized as an accredited Center of Excellence in multiple emergency dispatch protocols.

BUDGET PRIORITIES:

Employee development and retention is a strategic element of PSC operations, in which Marion County has made substantial investments with a positive return. Every year of a staff member's tenure evidences the success of the Department and County in facilitating deep connection between the Emergency Telecommunicator (ETC) and Marion County through what is a purposeful career. Supported by the Marion County's Board of County Commissioners and Administration, the dedication of PSC leadership to the continuing self-improvement of staff and overall workplace experience has dramatically reduced the historically high rates of turnover that plagued the Communications Center. This has been accomplished through focused collaborative training with other public safety agencies, both local and distant. Each staff member is offered opportunities to attend seminars, lectures, and classes to achieve a high level of success in their career as well as enhance the quality of service provided to citizens and first responders. The attendance and leadership of PSC personnel at state and national training seminars and conferences has greatly expanded their learning and experience and allowed them to establish enduring relationships with subject matter experts in their very own career in the field of public safety. PSC is recognized as a role model agency with influence over the decisions of conformity assessment bodies with oversight of communication centers around the world.

An additional component of the PSC staff-development strategy elevates the experience of the employee through deployment to real world situations as part of the inhouse Telecommunicator Emergency Response Taskforce (TERT) team. PSC is widely recognized for its continuous availability, and the willingness of its ETC call takers and dispatchers to deploy to multiple local, regional, and interstate disaster situations in support of fellow emergency communications centers (ECC). The TERT team responds to areas wrought with devastation, serving to maintain the continuity of operations at the ECCs of impacted communities.

A last priority of note for PSC operations concerns the ever and vastly changing arena of public records requests and fulfillment. For the benefit of multiple County Departments, PSC has implemented GovQA by Granicus, a scalable, secure public records request management system that will ensure compliance with Florida's Sunshine Law and confidence of the public in the basic right of access to records generated and maintained by governmental agencies or authorities. With GovQA, the staff time dedicated to fulfillment of public records requests will be substantially reduced through a combination of the self-service option for the public, a deflection of redundant requests by the system, and automated workflows that will standardize and centrally manage escalations, notifications and reports. Marion County's positive relationship with the public will be maintained and strengthened through ease and independent access provided by GovQA and the highest level of security and fully-CJIS/HIPAA/NIST/FISMA compliant data protection available to governments.

GOALS:

Marion County Board of County Commissioners Fiscal Year 2024 Adopted Budget

GOALS:

The PSC Communications Divisions is mission focused in its provision of high-quality public safety communications in service to and commensurate with the needs and expectations of Marion County's citizens, first responders and stakeholders through best practices utilized by a public safety telecommunicator workforce hired for acumen, assessed and trained for aptitude, and provided opportunity and experience that fosters tenure and consequent expertise. To maintain the careful oversight as a custodian of records that Marion County is known for, PSC personnel remain abreast of the Florida Sunshine Law and expert in their performance in the response to the public for records, using technology intended to provide for heightened degrees of transparency and accountability. The accreditation of the Combined Communications Center comprising the policies and procedures enacted as well as the performance of personnel, is a critical element of the identity maintained by PSC that will be preserved. PSC will maintain accreditation with the Florida Telecommunications Accreditation Commission (FLA-TAC) of which Marion County was the first consolidated communications center to achieve. An Accredited Center of Excellence (ACE), PSC has achieved accreditation in two disciplines, Emergency Medical Dispatch (EMD) and Emergency Fire Dispatch (EFD); PSC has implemented the third discipline, Emergency Police Dispatch (EPD) and the Communications Division is now working towards tri-ACE status. Additionally, PSC is pursuing accreditation through the Commission on Accreditation for Law Enforcement Agencies (CALEA).

Building Safety

Marion County Board of County Commissioners Fiscal Year 2024 Adopted Budget

Public Safety Division: Building Inspections

MISSION:

The mission of the Building Safety Department is to ensure the health, safety and public welfare in the built environment in Marion County by enforcing the State required Laws and Rules, the Florida Building Code and related Marion County Ordinances in the most effective and efficient manner.

DESCRIPTION:

Marion County Building Safety provides a wide range of services to the citizens and builders of our County. The Department is responsible for the enforcement and compliance of the Florida Building Code, State Law and Rules, County Ordinances and other construction related codes. In addition, this Department assists licensed contractors, cites unlicensed contractors, performs contractor outreach and holds monthly License Review Board meetings.

BUDGET PRIORITIES:

Marion County Building Safety's budget priorities for FY 2023-24 are to maintain funds to pay for inspection liabilities on permits, continue to fund staff retention, training, and equipment to conduct services for the protection of the public health, safety and welfare in the built environment of Marion County.

GOALS:

The Building Safety Department's primary goals for FY 2023-24 are to improve efficiency; to evaluate existing systems and processes and to empower new and current staff to increase their technical knowledge and customer service skills; to continue to set the standard for great customer service and efficient operations throughout Central Florida by ensuring both electronic and paper permit applications are complete and ready for processing; and to train customers and staff on the implementation of the new Tyler ERP system in an effort to create a seamless transition for the review and approval of permit applications with plans. Our goals are to improve upon our electronic review processes to be efficient and reduce plan review times, to continue to maintain next day inspections, and to offer Saturday inspection options. Our future options are to offer revised remote video inspections (RVIs) for additional inspection types to include private provider inspections. The Department utilizes the following avenues to communicate with our community: contractor meetings, networking opportunities, mailing lists and other outreach events to discuss code requirements, address problems and/or complaints, as a means to communicate with our customers. We plan to utilize the new ERP software to streamline the permitting process to facilitate a more efficient intake process for permit applications, which will eliminate unnecessary tasks and duplication of work.

Animal Services

Marion County Board of County Commissioners Fiscal Year 2024 Adopted Budget

Public Safety Division: Animal Services

MISSION:

The mission of Marion County Animal Services is to protect the public safety through the enforcement of Animal Control Regulations and to improve the quality of life for all Marion County residents and their pets through education relating to responsible pet ownership.

DESCRIPTION:

From ensuring public safety, animal welfare and promoting responsible pet ownership, to reuniting a lost pet or helping citizens adopt their new forever friend, our devoted staff and volunteers at Marion County Animal Services (MCAS) provide a wide range of services to the citizens and animals of Marion County. In order to accomplish our goal, MCAS works with many partners, from Marion County Sheriff's Office to Community Rescue organizations. MCAS consists of animal control and sheltering operations as well as the Neuter Commuter, a mobile surgical unit. The dedicated staff serves all 1,652 square miles of Marion County and is responsible for education, enforcement, housing, rehabilitation, humane care, redemption and adoption of unwanted, abandoned and stray domestic animals and livestock. In FY 2022, MCAS housed and cared for over 8,300 animals and made over 21,500 responses in our community.

BUDGET PRIORITIES:

Animal Services is requesting two new positions: a Volunteer Coordinator and a Animal Compliance Investigator and the reclassification of a Purchasing and Inventory Coordinator to an Animal Services Finance Specialist. These positions will help increase public safety, customer service and efficiency.

GOALS:

The goals of Animal Services are to provide exceptional customer service to the citizens of Marion County, to continue to ensure the safety of the citizens and pets of Marion County, to achieve fair and consistent enforcement while working with the Animal Cruelty Task Force, to increase adoptions, rescues and fosters by expanding community partner network, to increase outreach events with our new adoption trailer, to decrease abandoned/stray animals with low-cost spay/neuter and resource education and the planning of new shelter.

Community Services

**Marion County Board of County Commissioners
Fiscal Year 2024 Adopted Budget**

**Public Services
Division: Community Services**

MISSION:

The mission of Community Services is to provide opportunities to low to moderate-income individuals and families to improve their quality of life with a focus on serving the most vulnerable population.

DESCRIPTION:

Community Services oversees four Divisions, including Community Development, Affordable Housing, Homelessness Services, and Health and Human Services. The Health and Human Services is primarily funded by the General Fund of the four Divisions. The Health Care Responsibility Act (HCRA), the Decedent program, and Low-Income Non-Ad Valorem Tax Assistance programs are state-mandated programs. Community Services provides direct assistance to its citizens with these programs with an approximate overall budget of \$411,000, serving approximately 158 families.

The Department oversees contracts with local agencies that receive County funds for programs to benefit families with childcare, senior citizen transit, and reduction of substance abuse for children, with an approximate budget of \$830,000.

In addition, in 1991, the County partnered with Heart of Florida and the Marion County Medical Society to provide free income verification for individuals who qualify for the We Care program. Marion County residents whose income qualifies and need specialized treatment can apply to the We Care program for significantly reduced medical treatment. Approximately 32 individuals have been assisted annually.

During FY 2022-2023, Community Services is overseeing the newly formed Opioid Settlement Committee approved by the City of Ocala and Marion County through an interlocal agreement. The County is anticipated to receive approximately \$10.5 million over an 18-year period. In addition, during FY 2022-2023, Community Services is also overseeing the Panhandling Task force created per Resolution 23-R-021.

BUDGET PRIORITIES:

With anticipated population growth and additional responsibilities given to the Community Services Department, there is a need to increase staff to provide thorough oversight. As a result, this budget is realizing an increase of 10%. This overall budget aligns with promoting access to community wellness resources, increased access to primary care resources, and increase access to mental health/substance abuse care defined in the Empowering Marion for Success II.

GOALS:

The goals of Community Services are to continue the existing Decedent Program realizing a savings of \$10,000; to increase the number of families assisted through the Non-Ad Valorem funding assistance, accommodating an additional twenty families maintain their homestead; to continue to work with the Local Agencies that receive County Funds and review their performances; and to continue to partner with Heart of Florida and the Marion County Medical Society to provide specialized medical access to low-income individuals. The Opioid Settlement Committee will create priorities for the distribution of funding to increase access to those experiencing substance abuse specific to opioids.

Marion County Board of County Commissioners Fiscal Year 2024 Adopted Budget

Public Services Division: Grant Funded Community Services

MISSION:

The mission of the Grant Funded Community Services Division is to provide opportunities to low to moderate income individuals and families to improve their quality of life.

DESCRIPTION:

Community Services Grant Funded budget consists of three of the four Divisions; Community Development, Affordable Housing and Homelessness Services. Grants this Division oversees include; CDBG, HOME, ESG, NSP, HOME ARP, SHIP, Challenge, TANF, ARPA, and ERA2.

The Community Development grant Division priorities include programs and projects that support infrastructure in low-income census tracts, housing and wrap-around services for families.

The Affordable Housing Division provides incentives to housing developers willing to set aside a portion of its development for affordable housing, down payment and closing costs to first-time homebuyers, homeowner rehabilitation, and tenant-based rental assistance.

The Homelessness Services Division oversees Homelessness Services grants which are distributed to homeless service providers to assist with housing the homeless through shelter, rapid rehousing, and homeless prevention.

BUDGET PRIORITIES:

On December 7, 2022, Community Services held a workshop with the Board of County Commissioners to set priorities for grant funds the Department receives. Strategic locations, including the Community Revitalization Area (CRA), Urban Service Growth Boundary and Low Income Census Tracts are the focus areas for grant funds. Focusing on improving infrastructure in these locations will create infill and economic opportunities to support population growth identified in the Empowering Marion for Success II.

GOALS:

The goals of the Grant Funded Community Services Division is to support efforts in the CRA through land acquisition and supporting Code Enforcement activities to improve the area; to improve infrastructure in low income census tracts for public benefit; to increase the affordable housing supply by incentivizing approved developments that are willing to set aside 20% of their existing units to be affordable; to increase the supply of housing in the existing Community Land Trust to preserve Affordable Housing for 99 years; to create a Tenant Based Rental Assistance Program to provide Gap Rental Assistance; and increase Permanent Supportive Housing by 60 units.

Southeastern
Livestock Pavilion

**Marion County Board of County Commissioners
Fiscal Year 2024 Adopted Budget**

**Public Services
Division: Southeastern Livestock Pavilion**

MISSION:

The mission of the Southeastern Livestock Pavilion is to deliver stellar customer service by providing a safe, clean environment to a wide variety of events while maintaining our small-town charm and staying true to Marion County's core values.

DESCRIPTION:

The Southeastern Livestock Pavilion (SELP) works closely with local organizations such as UF/IFAS, Marion County 4-H, FFA, The Southeastern Youth Fair (SEYF), and many others to provide a safe learning environment so Marion County residents can enjoy a wide variety of educational programs at no cost to the organizations. The Livestock Pavilion Manager currently sits on the Executive Board of the SEYF and is Treasurer for the Marion County 4-H Advisory Council. The SELP staff work very hard to foster strong relationships with these groups and promote the growth of these programs. SELP also contracts with Third Party Event Holders and Local Nonprofits for a variety of events. Nonprofits are able to utilize the facility at a discounted rate.

BUDGET PRIORITIES:

Our budget priorities are focusing on hiring new personnel to obtain a manageable employee workload, reduce overtime, and increase the quality of our service as stated in the Empowering Marion for Success II Strategic Plan. In accordance with the Empowering Marion for Success II Strategic Plan, we will also be addressing the facility's safety and maintenance needs.

GOALS:

The goals of the Southeastern Livestock Pavilion are to train and grow staff professionally and continuously strive to update the facility and look for opportunities to streamline operations.

Cooperative
Extension Service

**Marion County Board of County Commissioners
Fiscal Year 2024 Adopted Budget**

**Public Services
Division: Cooperative Extension Service**

MISSION:

The UF/IFAS, Marion County is a Federal, State, and County partnership dedicated to providing quality, relevant education, and research-based expertise to foster healthy people, a healthy environment, and a healthy economy.

DESCRIPTION:

UF/IFAS, Marion County is implementing a State-wide, long-range plan for 2013-2025. The plan focuses on six initiatives including: Agricultural Economic Development; Water Quality and Supply; Natural Resources; Healthy Families; Community Resource Development; and Youth Development through 4-H.

BUDGET PRIORITIES:

Budget priorities in the UF/IFAS Extension, Marion County are geared to providing the resources for Marion County Citizens to gain knowledge on research-based educational information. This knowledge delivered through multiple platforms from Educational Programs to Informational Publications covering the six priorities identified in the 2013-2025 UF/IFAS Roadmap.

GOALS:

Cooperative Extension Service provides educational programming to the community through programs, publications, field visits, and one-on-one consultations to the participants. Clientele use the information to make behavioral changes impacting environmental resources, water quality, quantity, and supply; agriculture economic sustainability; healthy lives and social and economic success; and preparing youth to be reasonable citizens and productive members of the workforce. The UF/IFAS Marion County Department relies heavily on trained volunteers to leverage delivery of the information. There are an increased number of clientele reached through the outlets provided such as the plant clinic, outreach programs, volunteer club leaders, and demonstration gardens. Each year 60% of the participants will show a knowledge increase in the program and after six-months, 50% of the clientele will report they have adopted one or more behavioral change resulting in a positive impact in the program initiative area.

Parks & Recreation

Marion County Board of County Commissioners Fiscal Year 2024 Adopted Budget

Public Services Division: Parks and Recreation

MISSION:

The mission of the Parks and Recreation Department is to provide recreational opportunities at park facilities that are safe, fun and accessible while protecting and interpreting our natural resources.

DESCRIPTION:

Other Recreation Programs consist of Local, State and Federal revenues and/or grants. The Belleview Sportsplex consists of the costs associated with the operation of the Belleview Sportsplex, in partnership with the City of Belleview. The Parks and Recreation Fees Fund includes all of the fees generated through program registrations, day user fees, pavilion/cabin/equipment rentals and park pass sales. This fund was established by the Board of County Commissioners in 2007 to offset the cost of acquisition and capital improvements. Parks and Recreation consists of the General Fund expenditures to operate and maintain Marion County Parks and Recreation programming.

BUDGET PRIORITIES:

Following the Empowering Marion for Success II Strategic Plan, the 2023-2024 budget will be addressing workload, staff development while expanding upon parks and recreation services. The Parks and Recreation Department will add two new positions, reclass a position, reclass a current position from part time to full time, and a reallocate a current position into the General Fund. Investment in new technology for the athletics' Division will increase park maintenance efficiencies while reducing staff maintenance time.

GOALS:

The goals of the Parks and Recreation Department is to improve guest experience by providing safer, more inclusive facilities that meet our rapidly growing community's current and future needs. The Department will develop and implement proactive and preventative maintenance planning, identifying accessible and inclusive improvement opportunities. We will continue to focus on organizational culture, emphasizing improving customer service. The Department will work to update the board approved 2016 Parks and Recreation Master Plan to reflect the current needs of the community and increased population. We also will focus on establishing consistent communication practices with our customers to obtain input regarding recreation program offerings.

Public Library

**Marion County Board of County Commissioners
Fiscal Year 2024 Adopted Budget**

**Public Services
Division: Public Library System**

MISSION:

The mission of the Marion County Public Library System is to connect citizens with information, ideas and experiences to strengthen and enrich our community and quality of life. We recognize the essential role of reading for success in life and work, the importance of equal access to lifelong learning resources and the value of personal development and engagement to strengthen our community.

DESCRIPTION:

The Marion County Public Library System provides Public Library Services to the residents of Marion County. We commit to provide services accessible to all; collections of value and interest which are current and relevant; outstanding reference, readers advisory and patron services; a friendly, trained and highly competent staff who work together to provide responsive, quality service and demonstrate the Marion County values of humbleness, integrity, commitment, accountability, respect and discipline; applied technology to extend, expand and enhance services; facilities that are safe and inviting, providing convenient locations and hours; stewardship of the public trust with efficient use of people and resources; public/private partnerships which are collaborative and cooperative to enhance services.

The Library System is comprised of interdependent libraries and collections designed to make its total resources readily available and accessible to the entire community. Operations are funded by Marion County ad valorem taxes. The Library System also receives funds from various grants, miscellaneous fines and fees, and an annual State Aid to Libraries grant from the State of Florida. Residents of Marion County are served by the headquarters library in Ocala and eight branches located in Belleview, Dunnellon, Forest Corners, Ft. McCoy, Marion Oaks, Reddick, Freedom Public Library near the State Road 200 corridor and Sankofa Public Library housed within the Mary Sue Rich Community Center at Reed Place. Library facilities are open from four to seven days per week.

BUDGET PRIORITIES:

The primary budget priorities for FY 2023-24 include increasing the Library Materials budget to attempt to keep up with rising hard-copy and electronic books as well as database subscriptions. Additionally, we are adhering to the replacement schedule for staff and patron computing needs and replacement of a Library assigned vehicle. Our final budget priority is to adjust the salary of a supervisory position to be in keeping with other like positions within the organization and reclassify two part time staff to full-time.

GOALS:

The goals of the Marion County Public Library System include:

READ: Citizens will find materials for information, enjoyment and learning in a variety of formats through the public library

LEARN: Citizens will find opportunities to learn utilizing materials, programs, services and qualified personnel through the public library

CONNECT: Citizens will find opportunities to use the public library as a community gathering place to connect with others, the library and the community through programs, meeting spaces, collaboration and partnerships.

Veterans Services

Marion County Board of County Commissioners Fiscal Year 2024 Adopted Budget

Public Services Division: Veterans Services

MISSION:

The mission of Veterans Services is to provide professional and courteous service to all Veterans and their families, consequently, improving their quality of life. We continue to maintain these services with the highest standards of integrity, commitment, humbleness, respect discipline and accountability.

DESCRIPTION:

Our Department is under the Marion County Board of County Commissioners and for more than 30 years, we have served as a liaison between the Veteran and their families and the Department of Veteran Affairs. Without the assistance from the Veterans Service Officers (VSO's), navigating through the benefits process can be overwhelming for Veterans and their beneficiaries. Our VSO's are accredited through the Florida Department of Veterans Affairs to provide optimal services and support to all Veterans and their beneficiaries. Our office is responsible for accurately reviewing, controlling application processes, and routing incoming evidence received from all sources. Maintaining the most current Veteran claims programs for optimal result. In addition, the VSO's often serve as counselors and provide explanations regarding benefits programs and entitlement criteria to internal and external clients, which includes but not limited to providing advice and instruction on the application process, referring clients to other Federal, State and Local Agencies when potential for eligibility for non-VA benefits are indicated. Our office file claims electronically, in keeping pace with the ever-changing technological world. This program allows for filing electronically directly to the Veterans Administration and Department of Veterans Affairs Regional Office in real time. We also have administrative responsibilities for Ocala/ Marion County Veterans Memorial Park as well as the Marion County Veterans Exhibit and Education Center; both staffed by volunteers and part time office staff. We are located int the Veterans Resource Center at 2730 East Silver Springs Boulevard, Suite 100, Ocala, Florida 34471-7010. Our telephone number is 352 671-8422, fax 352 671-8424.

BUDGET PRIORITIES:

Our budget priority is to increase awareness of Department of Veterans Affairs (VA) Benefits for Veterans and their families as well as increase activities and awareness of the Ocala/Marion County Veterans Memorial Park and Marion County Exhibit and Education Center. We will do this with two highly trained Staff Assistants, five certified Florida Department of Veterans Affairs Veteran Service Officers and two part time Staff Assistants for the Veterans Park and Exhibit Center. Having Certified FDVA Service Officers, we are able to conduct Veterans Information Briefings in local gated communities, Veterans organization's and surrounding rural areas of Marion County; with the intent of improving the quality of life and increasing their knowledge of VA benefits as well as Florida State and Marion County benefits.

GOALS:

Our goals are to make a profound difference in the lives of Veterans and their beneficiaries, to continue consistent quality work, moving forward with the modernization of the Veterans culture and establishing a culture of continuous improvement as well as reaching Veterans and their families in the rural areas of Marion County.

**Marion County Board of County Commissioners
Fiscal Year 2024 Adopted Budget**

**Public Services
Division: Economic Recovery**

MISSION:

The American Rescue Plan Act of 2021, also called the COVID-19 Stimulus Package or American Rescue Plan, provides funds to help speed up the country's recovery from the economic and health effects of the COVID-19 pandemic and the ongoing recession.

DESCRIPTION:

On March 11, 2021, the President of the United States signed the American Rescue Plan Act. This act provides for specific funding allocations directly to state, local and municipal government agencies. The total allocation to Marion County is approximately \$71 Million. The County will utilize the funds to help replace the County's lost revenue, assist with local businesses and non-for-profit organizations, conduct a broadband feasibility study and assist with the County's water and sewer infrastructure.

Tourist Development

**Marion County Board of County Commissioners
Fiscal Year 2024 Adopted Budget**

**Public Services
Division: Tourist Development**

MISSION:

The mission of Ocala/Marion County Visitors and Convention Bureau is to lead the marketing of our tourism industry to enhance economic growth and prosperity.

DESCRIPTION:

Tourist Development is an Enterprise Fund under the Board of County Commissioners. Funding is secured through 4% Tourist Development Tax collections and therefore paid directly by Tourists. Florida State Statute 125.0104 strictly regulates the spending of Bed Tax Funds, ensuring appropriate use and fiduciary responsibility. The Ocala/Marion County Visitors and Convention Bureau's mission is carefully aligned to Florida State Statute 125.0104 spending guidelines. Therefore, this budget and the day-to-day operations of the Tourist Development Department correspond to appropriate spending guidelines outlined in the Florida State Statute. We will continue to work to benchmark and measure our results in tourism and communicate its long-term economic impact.

BUDGET PRIORITIES:

This budget represents Year 1 of the Tourist Development 2024-2028 Operational Plan. Funding the items that will provide the framework for increased success is the foundation for this budget. Specific priorities are research, proactive sales programming, integrated marketing communications, product development and the Ocala/Marion County Brand.

GOALS:

Success is quantified as shown through various data points, including increased year-round visitation, total economic impact, Tourist Development Tax collection, room-nights generated, jobs supported, wages paid, Sales Tax collected and hotel occupancy. Another key performance indicator is decreases in Property Taxes. Specific goals, to be accomplished by fiscal year 2028 are outlined as follows: increase annual Tourist Development Tax collections by 16%; increase annual room night demand by 18%; increase annual number of RFPs sent by 164%; and increase annual website visitation by 30% and increase annual published earned media placements by 61%.

Marion County Board of County Commissioners Fiscal Year 2024 Adopted Budget

Office of the County Engineer

Marion County Board of County Commissioners Fiscal Year 2024 Adopted Budget

Public Works Division: Transportation

MISSION:

The Office of the County Engineer (OCE) is committed to provide an efficient, economical and quality Transportation Network and Stormwater System to meet diverse community needs, while ensuring the welfare of the general public and the preservation of the environment by using advanced technology, adaptable workforce, and proactive strategies.

DESCRIPTION:

The Office of the County Engineer (OCE) is responsible for road related services including design, construction, preservation, emergency repairs and routine maintenance of the county's roadway system. The OCE consists of several sections responsible for various programs including Engineering Services (road construction, surveying, design, asset management and right-of-way acquisition), Stormwater (drainage, NPDES, TMDL), Traffic Operations (signs, signals, and striping), Support Services (administration, customer service, safety and training, ROW permitting, development review), and Road Maintenance (roadway maintenance, pothole patching, grading, vegetative maintenance, etc.). The OCE inspects public rights-of-way that have been accepted by the Board of County Commissioners for conditions caused by weather, normal deterioration, and emergency situations including, but not limited to: potholes, pavement decline, sinkholes, shoulder drop-offs, and sight obstructions, as well as assisting in stormwater control, and lime rock road restoration. The OCE has the responsibility to respond, evaluate, and repair these issues.

BUDGET PRIORITIES:

The Office of the County Engineer's FY 2023-24 budget contains several targeted items to improve the Department's level of service. One example is licensing for the new EnerGov software. As the County moves to modernize and streamline its permitting processes, new software will be utilized that in turn requires new licensing costs that were previously not required. To be able to maintain a safe and efficient transportation network, OCE also has a continuing need to replace aging equipment and fleet, which account for a large portion of the overall budget. New funding is also appropriated across projects in the five-year Transportation Improvement Program on an annual basis. This allows for the continued construction of new roadways and their associated infrastructure to provide for the growing population, industry, and business of the County, as well as the ongoing rehabilitation of the existing roadway network.

GOALS:

Long-term goals for the Office of the County Engineer include the continued effort to deliver an efficient transportation network, including the build out of the NW/SW 70th/80th Avenue Corridor, connecting SR 200 in the south with US Hwy 27 in the north, as well as the SW 49th/40th Avenue Corridor, connecting Hwy 484 in the south with SR 200 in the north, among other planned construction. Short-term goals include the continued modernization of permitting processes and inventory management with the utilization of new software, and the continuing effort to provide quality customer service, workforce training and certifications, and efficiently maintained infrastructure.

Transportation
Planning
Organization

**Marion County Board of County Commissioners
Fiscal Year 2024 Adopted Budget**

Public Works

Division: Transportation Planning Organization

MISSION:

The Ocala Marion County Transportation Planning Organization (TPO) mission is to plan for a future transportation system that is safe and accessible for the residents and visitors of our community.

DESCRIPTION:

The TPO is a federally mandated public organization responsible for coordinating transportation projects, including highway, transit, rail, bicycle, pedestrian, and paratransit, throughout Marion County. The TPO allocates federal transportation funds and works to improve the region's transportation system by developing a variety of plans and programs. The TPO's primary partners include the Cities of Belleview, Dunnellon and Ocala, Marion County and the Florida Department of Transportation. The TPO is governed by a 12-member board of locally-elected officials.

BUDGET PRIORITIES:

The budget priority of TPO is to utilize Federal Funding to complete core programs and planning products in order to meet State and Federal requirements.

GOALS:

The primary goals for this year involve: completing the annual development of the FY 25 to 29 Transportation Improvement Program (TIP); completing the annual List of Priority Projects (LOPP); completing an update to the TPO Public Participation Plan (PPP); creating a new two-year Unified Planning Work Program (UPWP); conducting updates to the programs for the Transportation Disadvantaged Local Coordinating Board (TDLCB), including the Transportation Disadvantaged Service Plan (TDSP); and beginning the 2050 Long Range Transportation Plan (LRTP) which will be a 20 to 22 month process.

Marion County Board of County Commissioners Fiscal Year 2024 Adopted Budget

Public Works Division: Property Management

MISSION:

The mission of Property Management is to provide timely and cost-effective Real Estate Services for all County Departments in regards to the stewardship of County-owned right-of-way, easements, and other real property.

DESCRIPTION:

Property Management processes right-of-way acquisitions, plat vacations, road closings, surplus properties and leases for County-owned properties. It also performs research and executes the conveyance of property interest to and from Marion County, including deeds, drainage easements, ingress/egress easements, right-of-way easements and all other County Property Transfers.

BUDGET PRIORITIES:

The Property Management budget contains funding for appraisal services on real property that the County intends to purchase, as well as funding for the maintenance of parcels which the County has previously acquired. It also includes funding for certain legal requirements associated with property acquisition, such as taxes, fees, and required advertisements.

GOALS:

The short-term goal of Property Management is to deliver the most affordable transactions for the County while maintaining a fair and equitable value to our citizens doing business with Marion County. The long-term goal of the Department is to develop efficiencies within our internal processes in order to achieve excellent customer service.

Marion County Board of County Commissioners Fiscal Year 2024 Adopted Budget

Public Works Division: Office of Special Assessments

MISSION:

The mission of the Office of Special Assessments is to promote economic development by creating safer, more attractive and desirable communities that improve the quality of life for its citizens. By developing and implementing MSTUs, MSBUs and Road Assessment projects, the MSTU/Assessment Department aims to provide essential municipal services not covered by general tax funds, thereby enhancing the overall well-being of the community and attracting new residents, businesses, and investments to the area.

DESCRIPTION:

The MSTU/Assessment Department has a crucial role in providing municipal services to property owners residing in various communities in Marion County. The Department is responsible for implementing MSTUs and MSBUs, which are mechanisms through which property owners can access services such as street lighting, mowing, recreation services and facilities, landscaping enhancements, and road maintenance, as well as road improvements, including new construction, resurfacing of existing roadways, and overlay of pavement.

The MSTU/Assessment Department is comprised of several specialized teams, including MSTU/Assessments, Marion Oaks Recreation, Marion Oaks General Services, Rainbow Lakes Estates Municipal Service District, and Silver Springs Shores Recreation. These teams are responsible for providing specific services to property owners, and the revenues generated from the assessments stay within the boundary of their respective areas.

Currently, Marion County has over 50 active MSTUs and MSBUs. The Director of the MSTU Department serves as the appointed Staff Liaison for all of these units, with the exception of Fire, Solid Waste, and Stormwater, which separate Departments manage. The MSTU staff also works closely with the Building Department, reviewing permits to ensure that pro-rated Fire, Solid Waste, and Stormwater assessments are assigned correctly during the application process.

One of the assessment program's key benefits is that it allows road improvements to be borne by those who directly benefit from these improvements rather than the general taxpayer. The MSTU/Assessment Department is funded exclusively from the collections of ad-valorem and non-ad valorem assessments, which are collected on the annual property tax bills.

BUDGET PRIORITIES:

The MSTU Department currently follows a centralized structure, with the MSTU Director directly managing the County's 60 MSBUs, offering a wide range of municipal services like street lighting, road maintenance, road improvements, and six staffed locations. The Director is also accountable for budget development and management for each location, with insights from various managers and advisory boards. However, this structure hinders operational decision-making and inhibits Department leaders' potential for growth, feedback, and learning. This structure also necessitates location leaders to devote more effort to administrative tasks rather than operations and customer service, where their skills are optimally utilized and needed for fulfilling the Department's mission.

The MSTU Project Manager's position will be reclassified to the MSTU Operations Manager and will gain direct control over MSTU projects and the budget of the General Services locations. This reclassification will promote the consolidation of administrative tasks and improve supervision, thus freeing operations and customer service capabilities. It allows location leaders to concentrate more on operations and customer service, which are critical for the Department's mission. The MSTU Operations Manager will also collaborate with Division leaders and advisory boards for budget development and management for each location, enhancing decision-making and effective use of the Department's resources.

The new MSTU Community Manager will supervise the community centers' operations. The Community Manager will be accountable for administrative responsibilities at each location, such as budget management and event planning, and will contribute to long-term planning to ensure consistency and best practices across all community centers. Implementing this new role will streamline the Department's operations and enhance service quality, allowing Division leaders to focus more on operational and customer service roles. The Community Manager will ensure administrative tasks are efficiently managed, facilitating prompt response to community needs while delivering consistent services at all MSTU community centers.

Marion County Board of County Commissioners Fiscal Year 2024 Adopted Budget

BUDGET PRIORITIES:

The positions of Community Center Managers will be reclassified to Community Center Supervisors, transitioning their focus from administrative tasks to operational and customer service roles. This change will improve services for residents as Supervisors can spend more time interacting with residents, soliciting feedback, and addressing concerns, thereby enhancing customer satisfaction and fulfilling the Department's mission of offering high-quality municipal services.

The reorganization aims to streamline operations and management, foster succession capabilities and knowledge transfer, enhance communication channels, and provide better development opportunities. It also aims to align the MSTU Department with the County's overall organization. This initiative is designed to have a very minimal impact on the General Fund, and the salary impact on both Silver Springs Shores and Marion Oaks Community Centers, as well as RLE Community Center and General Services, can be absorbed under the current millage rate and the discussed fund realignment, respectively.

GOALS:

Marion County places a high priority on managing the MSTUs, MSBUs, and Improvement Areas. The county is committed to handling these funds responsibly and efficiently. The goal is to implement new MSTUs, MSBUs, and Improvement Areas upon request from property owners and with approval from the Board of County Commissioners in order to sustain the provision of essential municipal services to citizens. Through successful capital improvement and maintenance projects, the county strives to enhance the quality of life in all communities under its jurisdiction. Marion County hopes to attract new residents, businesses, and investments by improving these areas.

**Marion County
Airport**

Marion County Board of County Commissioners Fiscal Year 2024 Adopted Budget

Public Works Division: Airport

MISSION:

The mission of the Marion County Airport (X35) is to continue providing a modern and safe airfield for all aviation platforms; with focus on an exciting growth effort in the aviation industry while ensuring X35 remains a favorite among aviators.

DESCRIPTION:

The Marion County Airport maintains compliance with all Federal and State Aeronautical Regulations while providing Aviation Services to local and transient operators. With the recent addition of 20 new hangars in 2023, the Airport manages 68 T-hangar and 23 land leases with 6 sub-leases on a monthly/annual basis. Furthermore, X35 is a Nationally recognized Fuel Destination for aircraft operating in and through the North Florida Region. The Airport maintains a 24,000 gallon self-service fuel island enabling 24/7 access, retailing well over 100,000 gallons annually to the aviation industry. Finally, the Airport holds a shared responsibility as an aviation contributor to all aviation issues and concerns throughout Marion County.

BUDGET PRIORITIES:

In-step with the Empower Marion II Strategic Plan, the Airport has positively navigated the Federal and State Aviation Grant Programs to provide over 94% funding for the next 5 year Capital Improvement Project's (CIP) selected as a priority. Federal Grant assurances require the Airport to maintain and improve the airfield infrastructure, however, X35 exceeds these requirements by also electing to improve and grow based on the absolute needs of our community. The 2022 Airport Master Plan clearly depicts the way ahead to ensure success at the Marion County Airport.

GOALS:

The primary goals of the Marion County Airport are to continue infrastructure modernization while bolstering daily aviation activity throughout Marion County. In coordination with the Empower Marion II Strategic Plan, the FY 23 planning and FY 24 construction of a new parallel taxiway system will expand X35 capabilities. As we look toward the longer-range goals, we incorporate Federal and State Grants to build more hangars, replace an aging fuel system, install a national weather station and revamp several surfaces to improve both safety and operational needs. Accomplishing these goals will launch the Marion County Airport into the next level of the rapidly growing Aeronautical Industry.

Stormwater
Program

Marion County Board of County Commissioners Fiscal Year 2024 Adopted Budget

Public Works Division: Stormwater Program

MISSION:

The Stormwater Program works to maintain regulatory compliance with Federal, State, and Local regulations and serves to protect and preserve our water resources and transportation network by addressing water quality and quantity issues.

DESCRIPTION:

The Stormwater Program works to ensure compliance with Phase II of the Federal Clean Water Act's National Pollution Discharge Elimination System (NPDES) Program through the implementation of Best Management Practices (BMPs). Phase II of the NPDES Program includes addressing stormwater runoff from small Municipal Separate Storm Sewer Systems (MS4), which the County's system qualifies as. In addition to the NPDES permit, the County is required to address Total Maximum Daily Load (TMDL) allocations as determined by the Florida Department of Environmental Protection, which are based on the amount of pollutants a waterbody can receive and still meet water quality standards. The Stormwater Program implements a watershed management approach to identify water quality and quantity needs throughout the County's stormwater infrastructure, resulting in the identification of capital retrofit projects that work to reduce pollutant loading to water resources and improve flooding and drainage issues along the transportation network. A proactive scheduling approach is used to address operation and maintenance needs for the drainage infrastructure throughout the County.

BUDGET PRIORITIES:

The Stormwater budget provides for the minimum control measures required by the NPDES permit, which are meant to reduce the discharge of pollutants into our water resources. There is funding for public education and outreach, illicit discharge detection and elimination, construction site runoff monitoring and control, and annual maintenance of County Stormwater System assets. Additionally, there is funding for capital projects, which are referenced in the 5-year Stormwater Implementation Program (SIP), which is updated annually. These projects typically serve to retrofit existing drainage retention areas with bio-absorptive media to remove pollutants such as nitrogen before it reaches the aquifer. There is also funding for Watershed Management Plan updates, major maintenance projects, and pipe and swale restoration projects.

GOALS:

The long-term goals of the Stormwater Program include improving the quality of our water resources through the development of the Watershed Management Program and subsequent implementation of structural and nonstructural Best Management Practices throughout Marion County. Additionally, public outreach and education are continuing long-term efforts. Short-term goals include build out of capital improvement projects, updates of the Watershed Management Plan, which will serve to identify future capital projects, and the continued repair and maintenance of the County's Stormwater assets.

Marion County Board of County Commissioners Fiscal Year 2024 Adopted Budget

Public Works Division: Water Resources

MISSION:

Marion County is home to numerous water features which are widely known for their clarity, ecosystems, fisheries, and recreational enjoyment. The Marion County Water Resources Program exists to promote an awareness of both the protection and efficient use of these water resources throughout the County. The Water Resources Program works in conjunction with the Office of the County Engineer and Utilities Department to empower our citizens, visitors, and businesses by providing accurate educational material on how to protect and conserve our most vital resource.

DESCRIPTION:

The Water Resources Program is responsible for activities associated with long range water supply planning and aquifer protection. Efforts include local and state legislative development, coordination with Water Management Districts, the Florida Department of Environmental Protection (FDEP), Florida Department of Agricultural and Consumer Services (FDACs), water supply authorities, and various County offices. The program considers negative impacts to water supply, not only from usage, but also from point and non-point pollution sources such as wastewater discharges, septic system impacts, manure management, stormwater, fertilizers and pesticides. The program seeks to educate the public with consistent messages and to implement, administer, and manage initiatives county-wide that are focused on the efficient and clean use of water.

BUDGET PRIORITIES:

The Water Resources budget contains several areas of funding which exist to further the goals of monitoring and managing water usage as well as educating the public on how to protect our water resources. Funding is available for citizens to have irrigation audits performed at their homes to determine if their systems are functioning properly. Additionally, there is funding for providing rebates to citizens who have their irrigation systems and landscaping retrofitted to Florida-Friendly standards. Funding is also provided for the production and distribution of promotional educational materials.

GOALS:

The long-term goals of the Water Resources Program include developing a cohesive education strategy with the purpose of informing citizens how their actions can help to protect and preserve the unique water features of Marion County, and helping them to have a personal sense of ownership in these efforts. Additionally, to assist in refinement of springs protection zone land development code requirements to ensure aquifer and springs protection and to promote water conservation for compliance with Marion County Utilities Consumptive Use Permits regarding education, outreach and per capita reduction in water use. In the short-term, Water Resources will continue to promote water conservation efforts such as the Landscape Irrigation Retrofit and Toilet Rebate programs, as well as assisting with the coordination of local conservation efforts between the Office of the County Engineer and Utilities Departments.

Fiscal Year 2024 Adopted Budget**

Solid Waste

**Marion County Board of County Commissioners
Fiscal Year 2024 Adopted Budget**

**Public Works
Division: Solid Waste**

MISSION:

The mission of the Solid Waste Department is to ensure the delivery of an integrated, cost-effective and environmentally sound Solid Waste Management System and to promote Sustainable Community Programs and policies throughout Marion County.

DESCRIPTION:

The Solid Waste Department is comprised of three Divisions inclusive of collections & litter control, disposal and recycling. All three Divisions are operated from our Baseline Facility.

The Disposal Division operates all solid waste functions at the Baseline Facility. Disposal staff are responsible for the operations of the scale facility which screens waste, weighs vehicles, computes charges and provides quality service to our customers. Staff operates various disposal operations which includes the transfer station, citizens drop off area and yard waste area. In these locations, staff ensures that prohibited wastes are not dumped, prepares and loads materials for shipment and ensures a safe environment for our customers. Our hazardous waste team collects and disposes household hazardous waste as well as performs business inspections to promote hazardous waste management compliance. This team further assists with data collection, inspection and monitoring of our gas collection and control system. Our disposal team further monitors and maintains three closed landfills. Materials handled by this facility include garbage, yard waste, tires, metals/white goods, and household hazardous waste.

The Collection Division provides transportation of waste and recycling from 18 residential convenience centers. The garbage and yard waste collected is moved to the Baseline Landfill, while recycling and metals are direct hauled to the appropriate recycler. An additional function of this Division is the oversight of litter collection on county right of ways. The litter program is to mitigate the effects of litter and illegal dumping in Marion County. This program has 4 code enforcement positions focused on investigations, educating the public, as well as citing offenders who choose to trash our community. Supplemental services managed around litter include litter collection with community service workers, inmates and the Adopt-A-Road program.

The Recycling Division is responsible for staffing and operating 18 recycling centers located throughout the county. Staff's key objectives are to provide customer service, ensure efficient throughput of customers and ensure the safety of our citizens. Staff supports the collection of various types of waste which include garbage, yard waste, recyclables, household hazardous and various other products.

BUDGET PRIORITIES:

As Marion County continues to grow with residential housing and many new businesses, Solid Waste is tasked with a challenging duty of maintaining our services to keep Marion County beautiful. Our budget priorities are to focus on funding, development, and permitting of our current disposal options within our community as well as additional options as we look to the future. Budget priorities include obtaining additional disposable airspace, cost effective methods of leachate disposal and increase the level of service for our residents to in-turn decrease the potential of littering in our community.

GOALS:

The first goal of the Disposal Division is to ensure long-term operations by planning to increase airspace through internal operations or the purchase of additional third-party airspace by 25% by the end of the year. The objective is to perform/update a comprehensive rate study providing support for the annual assessment charged as well as the gate rates at the landfill.

The Collection's operations have set goals to increase the weight hauled per load by 5%, reducing the number of trips required. We further want to reduce year over year overtime by 20% by adjusting work schedules. Finally, we want to improve fleet availability/uptime by 20% by improving our pre/post trip inspections and preventative maintenance.

Litter Control has established goals to increase the amount of litter collected from public right of ways by 15%. It is our objective to reduce year over year complaints by 5%. This will be accomplished by increasing the number of hours worked collecting litter by 10% over the prior year. Code enforcement will establish a preliminary benchmark of 8 investigations/contacts per week per officer.

Marion County Board of County Commissioners Fiscal Year 2024 Adopted Budget

GOALS:

Recycling Operations has set a goal to reduce contamination rates of recycling materials from 33% down to 20% by the end of the year. They will actively work to ensure that compactors called into dispatch are 90% full prior to notification. Through de-escalation training, we hope to reduce assaults on attendants by 50% year over year.

Utilities

Marion County Board of County Commissioners Fiscal Year 2024 Adopted Budget

Public Works Division: Utilities

MISSION:

The mission of the Utilities Division is to deliver best value, high quality, sustainable services that meets the expectations of our customers, citizens, and visitors while maintaining the level of service our customers expect. We aim to protect water resources for current and future users by providing professional operations and supervision of County owned Water and Wastewater Systems. This includes developing sustainable resources, ensuring environmental compliance, promoting expansion of existing facilities, and planning for strategic acquisition of privately owned facilities to form a County wide utility system capable of meeting Marion County's future needs.

DESCRIPTION:

Marion County Utilities (MCU) provides potable water utilizing groundwater supplies from the Floridian Aquifer treated through the County's Water Treatment Plants. MCU provides wastewater collection and treatment services to residents of Marion County and this treatment produces reclaimed water that provides a non-potable water to offset the groundwater supplies that support irrigation in the County. MCU also maintains/improves and expands the infrastructure and treatment capacity at the treatment facilities for these operations, working with residents, contractors, and developers to ensure compliance with State and Federal Regulations.

BUDGET PRIORITIES:

With the continued growth in the number of new customer accounts utilizing Marion County's Water and Sewer Services, there is a need for increased amounts of supplies, chemicals, electricity, and labor to continue operations that meet the Level of Service that our customer base has grown to expect. As the County grows, the water and sewer demands placed on the Utilities Department requires additional resources and revenue to fund projects and programs. Additionally, inflation continues to have a direct influence on costs of the supplies and services to meet demands placed on the Department.

GOALS:

Our goal is to maintain current level of service, improving it where there is opportunity, and utilizing the funding provided with little or no financial impact to the rate payers within the utilities system.

**Marion County Board of County Commissioners
Fiscal Year 2024 Adopted Budget**

**Constitutional Officers
Division: Clerk of Court and Comptroller**

DESCRIPTION:

BCC – RECORDS

Pursuant to the Constitution, the Clerk serves as Ex-Officio Clerk to the Board of County Commissioners, and in this capacity Deputy Clerks attend and record Board meetings and workshops, and maintain associated documents.

FINANCE Department - BCC

The Finance Department manages the Clerk's function of County Auditor, Accountant and Custodian of County funds. As such, the Finance Department handles accounts payable and cash receipts, financial statement preparation, grants and contract management, debt administration, payroll and other related areas.

INTERNAL AUDIT Department

The Internal Audit Department performs those functions specific to the role of the Clerk of Court and Comptroller as auditor for the Board of County Commissioners (BCC). The Internal Audit Department has the authority and responsibility to conduct audits and reviews of all agencies funded by the BCC and Departments under the County Administrator and to issue reports thereon. The Internal Audit Department is organizationally independent and has no direct responsibility for, or authority over, any BCC function, activity, or program subject to audit and review.

BUDGET Department

The Budget Department performs those functions specific to the role of the Clerk of Court and Comptroller as Budget Officer for the Board of County Commissioners. Duties performed focus mainly upon the preparation of an Annual Budget Document, a five year Capital Improvement Program and other long range planning analysis. This includes coordinating all associated activities throughout the budget process and ensuring compliance with all applicable statutes and regulations. Additionally, reports and analysis related to budgetary issues are prepared as requested.

RECORDS CENTER

Records Center is a Division of the Clerk of Court and Comptroller. Records Center employees are responsible for preparing documents for microfilming, operating cameras, preparing boxes for storage, pulling and re-filing cases that have been requested by Divisions, maintaining all original subDivision plats including making copies as requested, assisting and performing records research for the public including mailed-in requests. The Clerk of Court and Comptroller through this Division complies with state statutes in the coordination of retention, storage, security and disposition of court and county records.

**Constitutional Officers
Division: Property Appraiser**

DESCRIPTION:

The Property Appraiser is governed by the Florida Constitution, Florida Statutes and the Rules and Regulations of the Florida Department of Revenue. The duty and responsibility of the Elected Official is to determine a fair, equitable, and just value on all real and tangible personal property within Marion County for tax purposes. Additionally, the Property Appraiser administers all of the property and personal exemptions allowed by Florida law and maintains current property record cards, ownership maps, name and addresses of the owner or fiduciary responsible for payment of taxes, and maintains a description that accurately describes all the property in the county.

GOALS:

The goal of the Property Appraiser is to complete the mandatory 5 year review of all properties and continue to accurately reflect accurate property data and derive and assign fair and equitable values.

**Marion County Board of County Commissioners
Fiscal Year 2024 Adopted Budget**

**Constitutional Officers
Division: Sheriff**

MISSION:

The mission of the Marion County Sheriff's Office is to enhance the quality of life in Marion County by working cooperatively with the public and within the framework of the Constitution to enforce laws, preserve the peace, reduce fear and provide a safe environment.

The Marion County Sheriff's Office is proud to be part of a growing community and is dedicated to providing the citizens of Marion County with the highest level of law enforcement and public service. This agency strives to set industry standards and provide a community-minded approach to crime prevention and criminal justice. Their employees, united in a spirit of teamwork, take pride in performing their duties and are dedicated to live by values reflecting a genuine desire to safeguard the public.

DESCRIPTION:

The Marion County Sheriff's Office is divided into seven bureaus that report to the Chief Deputy. Each bureau is broken down into various units. Through employee engagement and participatory involvement, these units work as a team to meet the agency's goals. The Sheriff's Command Staff encourages constant improvement through employee and citizen feedback. The seven bureaus are as follows: Administrative Services, Community Policing, Corrections, Emergency Management, Professional Compliance, Special Investigations, and Support Services.

Marion County Board of County Commissioners Fiscal Year 2024 Adopted Budget

Constitutional Officers Division: Supervisor of Elections

DESCRIPTION:

The Supervisor of Elections is the office designated by Florida law and the County Charter to administer elections and voter registration for Marion County. The Marion County Election Center is comprised of the following:

Voter Services Department: Maintains voter registration rolls for Marion County. Voter Services registers voters and provides customer service to voters who need to change their address, name, party affiliation and other aspects of their voter registration.

Vote-By-Mail Department: Maintains request for voting by mail, the processing of mail ballots and the tabulation of mail ballots on Election Day.

Election Services Department: Ensures proper maintenance and functionality of all the equipment used in elections in Marion County. Election Services also coordinates the delivery and return of election and polling place equipment, and polling place coordination.

Poll Worker Department: Responsible for Poll Worker training and staffing of Early Voting and Election Day polling places.

Candidates and Committees Department: Provides services to perspective candidates, including instruction on becoming a candidate, filing, qualifying, providing documentation and covering campaign financial requirements and electronic reporting. The Candidates and Committees Department also provides services to committees wishing to participate in an election.

**Marion County Board of County Commissioners
Fiscal Year 2024 Adopted Budget**

**Constitutional Officers
Division: Tax Collector**

MISSION:

The mission of the Tax Collector is to serve the Public, Local and State Agencies with the highest level of customer service and integrity, innovation, fiscal responsibility, and respect.

DESCRIPTION:

The Tax Collector serves the citizens, businesses and governmental agencies of Marion County by collecting and distributing real property taxes, personal property taxes and special assessments levied by the various taxing districts, Water Management Districts, the School Board and the sale of park passes and birth certificates in our offices. In addition, the Tax Collector acts as an agent for the State of Florida by providing services such as vehicle titles, vehicle registrations, driver's licenses and the collection of sales tax and concealed weapons applications and Central Florida Expressway toll violation collections. The fees earned for the services provided are remitted to the Marion County Board of County Commissioners.

GOALS:

The goal of the Tax Collector is to continue the modernization of the Tax Collector's offices in the areas of technology, efficiency, customer service and employee productivity and training to provide the customer with a prompt, courteous and professional experience when conducting business at the Tax Collector's offices.

Courts

Marion County Board of County Commissioners Fiscal Year 2024 Adopted Budget

Courts and Criminal Justice Division: Court Administration

MISSION:

The mission of the Judicial Branch is to protect the rights and liberties, uphold and interpret the law, and provide for the peaceful resolution of disputes.

DESCRIPTION:

Court Administration is comprised of various Departments whose primary responsibility is to ensure the proper operation and coordination of all court programs. Court Administration includes: Circuit Court Judges, Circuit Court Judges – Legal Research, Circuit Court Judges - Technology, Circuit Court Legal Research - Technology, County Court Judges, County Court Judges - Technology, Court Administration - Technology, and Court Administrator.

BUDGET PRIORITIES:

The budget priorities of Court Administration are to safeguard the security, integrity, and confidentiality of court data and technology systems as well as support the operation of all court programs with successful resolution of dependency court cases and enhance access to justice and court services.

GOALS:

The goals of the Judicial Branch is to successfully resolve approximately 2,900 IT helpdesk requests from court employees and judiciary; maintain 58 servers and 220 computing devices such as computers, laptops, tablets, and smartphones throughout the judicial branch; and upgrade technology in all jail courtrooms compatible with courthouse technology.

**Marion County Board of County Commissioners
Fiscal Year 2024 Adopted Budget**

**Courts and Criminal Justice
Division: Court Programs and Services**

MISSION:

The mission of the Marion County Court Alternative Program is to assist defendants in overcoming substance use disorders and other behavioral health issues while resolving related criminal charges to better protect public safety, health and property of the Citizens in Marion County.

DESCRIPTION:

This Division includes various court programs and support services designed to assist the citizens of Marion County. Court Programs and Support Services include Court Innovations, Drug Court, DUI Court, Family Mediation, Small Claims Mediation, Juvenile Alternative Program, Juvenile Dependency Drug Court, Juvenile Drug Court, Mental Health Court, Pre-Trial Release, Teen Court and Veterans Court.

BUDGET PRIORITIES:

The budget priorities of this Division are to reduce the cost spent on corrections by expanding the programs to more eligible participants, increase public safety by reducing drug use and recidivism among participants and provide education and outreach to the community to bring awareness to court programs, and to decrease court caseloads by increasing mediation services to court litigants while maintaining a professional, ethical, and skilled workforce.

GOALS:

The goals of the Marion County Court Alternative Program are to increase the number of participants in all programs by at least 5% and increase volunteer mediator hours by 10% in the next fiscal year; to attend and provide at least 2 community-based events providing information to bring awareness to court programs and community-based training opportunities; to provide detailed information to citizens about court programs; and to ensure that court program employees attend at least one nationally approved, program specific training per year to remain current on Evidence-Based Standards of program operation.

**Marion County Board of County Commissioners
Fiscal Year 2024 Adopted Budget**

**Courts and Criminal Justice
Division: Public Defender**

MISSION:

The mission of the Public Defender, Pursuant to Chapter 27.51, Florida Statutes, is to provide legal representation to any person who is determined by the Court to be indigent and who is arrested for, or charged with, a felony, misdemeanor, violations of municipal or county ordinance, a juvenile delinquency case or involuntary hospitalization due to mental illness.

DESCRIPTION:

The Information Technology (IT) and Public Defender Administration budget requests are made pursuant to Chapter 29.008, Florida Statutes. Many of the associated IT costs are for circuit wide applications and, as such, are prorated based on approximate percentage of Public Defender employees per office location. Marion County's portion is calculated at 36% of the circuit wide total. Also, pursuant to remain in compliance with the Mandated Supreme Court Order SC11-399 – Implementation of Electronic Filing (e-filing), the implementation of e-filing requires additional funding needs from the Court Related Technology fund.

GOALS:

The goals of the Public Defender are to provide effective, efficient and quality representation to all court appointed clients; prepare and maintain records for persons appealing convictions, involuntary commitments, juvenile adjudication or sentences imposed by the Courts to the Supreme Court or the Court of Appeals; and pursue increased automation as the most efficient and cost effective means to fulfill statutory mandates.

Marion County Board of County Commissioners Fiscal Year 2024 Adopted Budget

Courts and Criminal Justice Division: State Attorney

MISSION:

The mission of the State Attorney is to represent the people in both capital and non-capital prosecutions for violations of state laws and related matters in state and federal courts. The State Attorney is the Chief Advisor to the grand jury; represents the public interest in all criminal matters and cases that affect the community safety, peace, and welfare; and conducts and coordinates all criminal investigations with local, state, and federal law enforcement agencies concerning violations of state law.

DESCRIPTION:

The IT Department provides the hardware and software applications needed for the day-to-day operations of the State Attorney's Office. Some of the functions of the IT Department are the administration of Active Directory, Email, Network Communications, Security, Systems, Backups, Programming, Statistical Reports, Case Management and Financial Systems, Group Policies, Software Updates, Budgeting and Planning, Help Desk Support, and Training.

BUDGET PRIORITIES:

We have proposed to pay all split invoices, which are the invoices where the cost is split by the five counties in the 5th Judicial Circuit by case percentages, through Marion county and then seek reimbursement from Citrus, Hernando, Lake, and Sumter counties. The other counties have agreed that this is acceptable and only changes who they pay and not the amount. This will provide a more clean payment to our vendors as they will receive one check rather than five separate checks. It will aid in resolving any payment issues which, in the past, have been difficult to track down as counties pay at different intervals so determining who has not yet paid has been a challenge and time consuming for all involved.

GOALS:

We are planning an upgrade to our firewall hardware and software to provide improved protection to our agency. This is a joint project with the Public Defenders office.

**Special Districts
Division: Marion Oaks MSTU for Recreation**

MISSION:

The Marion Oaks Municipal Services Taxing Unit (MSTU) for Recreation and Facilities aims to provide high-quality recreational opportunities and state-of-the-art facilities to the residents and property owners of Marion Oaks to enhance their quality of life.

DESCRIPTION:

In 1988, the Marion Oaks MSTU for Recreation and Facilities was established through a referendum. A five-member citizen's advisory council is appointed by the Board of County Commissioners and comprises Marion Oaks residents and property owners. The facilities provided by MSTU include the Community Center and Annex Building, which offer a wide range of rental and recreational opportunities to individuals of all ages residing within Marion Oaks. The premises feature basketball, tennis, volleyball, pickleball courts and a walking trail. Additionally, the facility houses one of the few aquatic splash pads in Marion County. A team of ten full-time and two part-time MSTU personnel manage and maintain the Community Center and Annex building.

BUDGET PRIORITIES:

The Marion Oaks MSTU for Recreation and Facilities provides essential services to property owners in Marion Oaks, including high-quality recreational opportunities and state-of-the-art facilities. With the population of Marion County projected to increase by around 9% by 2025, the demand for municipal services is expected to grow. To meet this demand, the Marion Oaks MSTU for Recreation and Facilities has evaluated its staffing levels and proposed a staffing plan aligned with the Empowering Marion for Success II plan. To enhance the quality of life for residents and property owners, the Marion Oaks MSTU is constructing a Dog Park off-site at 325 Marion Oaks Lane and adding a new part-time recreation leader position to oversee the park, assist residents, and keep the area clean. The MSTU also reclassified two positions to utilize its staff better, save money, and provide high-quality services to the Marion Oaks community. These changes include reclassifying the Facilities Tech Trade I position to MSTU Facilities Tech Trade II and the Building/Grounds Maintenance Tech III position to MSTU Facilities Trade Tech I. As the population in Marion County is projected to increase, the Marion Oaks MSTU for Recreation and Facilities is committed to maintaining its facilities and equipment with a skilled team in alignment with the Empowering Marion for Success II plan, which highlights economic opportunity focus areas and infill opportunities near existing infrastructure and public services to provide more efficient services to the growing population. The MSTU is dedicated to utilizing its staff effectively and saving money while providing essential services, particularly in areas where building on vacant lots is expected to increase the demand for services. This adjustment considers the salary impact of the MSTU Community Manager. In summary, the Marion Oaks MSTU for Recreation and Facilities plays a crucial role in providing essential municipal services to property owners in Marion Oaks. To meet the growing demand for services, the Marion Oaks MSTU for Recreation and Facilities has evaluated its staffing levels, added a new position and reclassifications, and aligned itself with the Empowering Marion for Success II plan to serve the growing population efficiently. The construction of the Dog Park and other actions taken by the Marion Oaks MSTU for Recreation and Facilities demonstrates its commitment to enhancing the quality of life for residents and property owners in Marion Oaks.

GOALS:

The goal of Marion Oaks MSTU for Recreation and Facilities is to offer exceptional recreational opportunities and facilities to the residents and property owners of Marion Oaks in a cost-effective manner. Marion Oaks MSTU for Recreation and Facilities strives to develop and implement programs that enhance children's and adults' educational experiences. These programs will be conducted on the premises, including the meeting rooms and grounds.

Special Districts

Division: Silver Springs Shores Special Tax District

MISSION:

The mission of the Silver Springs Shores Special Tax District is to provide streetlighting, recreation facilities, and services that promote the safety, well-being, and quality of life for all property owners within the Silver Springs Shores community. We are committed to delivering these services with efficiency, transparency and accountability to foster a strong and connected community that is proud of its identity and accomplishments.

DESCRIPTION:

The District is committed to enhancing the quality of life for all members of the community by providing a range of services and facilities that promote safety, well-being and social connectedness. One of the primary services provided by the District is street lighting. Well-lit streets are essential to maintaining a safe and secure environment for residents and visitors. The District is dedicated to ensuring that all streets within its jurisdiction are adequately lit, reducing the risk of accidents and crime and promoting a sense of community pride and connectedness. The District also provides funding for the community center, youth center, three swimming pools and a range of recreation services and programs. These facilities and services promote healthy living, social interaction and personal development for all members of the community. The community center offers a range of activities such as sports, fitness classes and cultural events. The youth center provides a safe and supportive environment for young people to socialize, learn new skills and engage in positive activities. The swimming pools offer a refreshing and fun way for community members to stay active and cool off during hot weather. The District is committed to providing quality recreational programs and facilities that cater to the needs and interests of all members of the community. These services are essential to the physical and mental well-being of residents and are an important component of a healthy and vibrant community.

BUDGET PRIORITIES:

The Silver Springs Shores MSTU is committed to providing essential municipal services that promote safety, well-being, and quality of life for all property owners in the community. As the population of Marion County is projected to increase by around 9% by 2025, the MSTU has evaluated its staffing levels and created a staffing plan aligned with the Empowering Marion for Success II plan to meet the expected increased demand for municipal services. The community is a mix of residential areas and established commercial/industrial businesses. The CEP expects the Silver Springs Shores area to continue to grow, with increased demand for residential and commercial opportunities. To ensure efficient and accountable service delivery, the Silver Springs Shores MSTU reviews job descriptions and responsibilities to match the actual work being done. This includes reclassifying positions such as Community Center Manager to Community Center Supervisor, Building and Grounds Maintenance Technician III to MSTU Facility Trades Technician II, and Recreation Leader to Recreation Supervisor to ensure that the job descriptions match the actual workload. Investing in employees and services is a priority for the Silver Springs Shores MSTU and it recognizes the importance of cost-effectiveness. Promoting employees into these positions will result in cost savings by eliminating the need for overtime pay. The Silver Springs Shores MSTU also values the supervisory experience of its employees and recognizes the importance of their qualifications and training in areas such as HVAC certification, pool and spa operation and emergency response training. By providing professional development opportunities, the Silver Springs Shores MSTU can ensure that employees have the necessary skills and knowledge to manage their teams effectively. Aligning itself with the Empowering Marion for Success II plan, the Silver Springs Shores MSTU plays a crucial role in promoting property owners' safety, well-being, and quality of life in Silver Springs Shores. This adjustment considers the salary impact of the MSTU Community Manager.

GOALS:

Marion County Board of County Commissioners Fiscal Year 2024 Adopted Budget

GOALS:

Our goals for FY 2023-24 include improving and enhancing our community's infrastructure, recreational facilities and programs to deliver exceptional experiences to all residents. We will strengthen our partnerships with local schools and educational organizations to offer engaging, informative and fun programs for children and adults. The Silver Springs Shores MSTU is focused on expanding services and facilities to cater to the community's growing needs while fostering a connected and proud community. This is achieved through efficient resource management, program and facility evaluations, and the provision of exceptional recreational and educational opportunities for all residents. Future plans include exploring options for a covered outdoor basketball court, which would provide extended programming and recreational opportunities. Overall, the MSTU aims to offer exceptional recreational and educational opportunities while promoting community pride and personal growth for all residents.

**Special Districts
Division: Hills of Ocala MSTU**

MISSION:

The mission of Hills of Ocala MSTU is to furnish the Hills of Ocala/Rolling Hills SubDivision's residents and property owners with recreation opportunities and facilities.

DESCRIPTION:

The Hills of Ocala/Rolling Hills SubDivision residents and property owners have access to recreation facilities provided by this MSTU. These amenities include basketball, tennis, racket ball courts, walking trails, picnic pavilions and a clubhouse. The current millage rate is .18. The MSTU was formed through a referendum in 1983 by the property owners at that time, encompassing more than 5,100 lots. The MSTU/Assessment Department manages these facilities with the aid of a Citizen Advisory Board. This board comprises five area residents appointed by the Board of County Commissioners.

BUDGET PRIORITIES:

Our budget priorities will focus on providing high-quality recreation opportunities and facilities for our residents and property owners. We will prioritize the maintenance and improvement of our existing amenities and manage these resources with transparency and fiscal responsibility, working closely with the Citizen Advisory Board to ensure our operations meet the standards of excellence that our community deserves.

GOALS:

The goal of this MSTU is to continue to provide recreational opportunities and facilities for the residents and property owners of the Hills of Ocala/Rolling Hills and manage the MSTU funds and operations in a fiscally responsible manner with the assistance of the Citizen Advisory Board.

Marion County Board of County Commissioners Fiscal Year 2024 Adopted Budget

Special Districts Division: Rainbow Lakes Estates MSTU

MISSION:

The mission of Rainbow Lakes Estates MSTU is to enhance the quality of life for the residents and property owners of Rainbow Lakes Estates by offering exceptional recreation facilities and activities. We are committed to providing a wide range of high-quality amenities and opportunities that cater to our community members' diverse interests and preferences.

DESCRIPTION:

Funds collected are used to maintain and improve the Rainbow Lakes Estates Community and that is reflected in how we allocate the funds we collect. We prioritize improving our recreational facilities and amenities and have allocated funds in our budget to achieve this goal. Our ultimate goal is to ensure that our residents and property owners can enjoy the best possible experience regarding leisure and recreation within our community.

BUDGET PRIORITIES:

Rainbow Lakes Estates is making significant strides in financial sustainability and responsible fund allocation. A substantial part of these efforts involves moving all Recreation expenses, including the Recreation position, to the Recreation fund. This initiative streamlines cost allocation for recreation, enhancing transparency in the application of these funds.

Furthermore, to accommodate personnel costs and other financial commitments formerly handled by the General Government fund, we've increased the millage rate from .47 to .85. This measure ensures these expenses are covered and promotes the fund's sustainability. This step maintains fund solvency and elevates transparency, offering our community a clear understanding of the allocation and use of funds.

We've implemented several key initiatives in line with Rainbow Lakes Estates' unwavering dedication to delivering top-notch services. These include the reclassification of staff roles to meet our residents' evolving needs more effectively. We're also bolstering maintenance services and have added a part-time Recreation Leader to address the growing demands of our expanding population. These initiatives reflect Rainbow Lakes Estates' commitment to constantly improving its services to match its residents and property owners' shifting needs and preferences.

GOALS:

The goal of Rainbow Lakes Estates MSTU is to ensure we maintain and manage community facilities cost-effectively and efficiently without compromising quality standards. We aim to create an enjoyable experience for residents and property owners who use our facilities while capitalizing on the natural beauty of Rainbow Lakes Estates and plan to achieve this by adding an adventure trail to our current facilities in response to the community's expressed interest.

**Special Districts
Division: Rainbow Lakes Estates Fire MSBU**

MISSION:

The mission of Rainbow Lakes Estates Fire MSBU is to safeguard the lives and properties of the residents within Rainbow Lakes Estates and its surrounding areas by providing exceptional fire protection services. We strive to maintain the highest standards of professionalism, efficiency and effectiveness in everything we do, ensuring that our community members feel safe and secure at all times. Our ultimate goal is to be an integral part of the community, working with our residents to create a safe, thriving and sustainable environment for all.

DESCRIPTION:

Rainbow Lakes Estates Volunteer Fire Department is dedicated to providing fire protection services to the residents of Rainbow Lakes Estates and its surrounding communities. Our vehicles are housed in two stations located within Rainbow Lakes Estates and are meticulously maintained using funds collected by the MSBU. Our team of dedicated volunteers are highly trained and committed to ensuring the safety and security of our community. We respond promptly to all emergencies and strive to minimize the damage to life and property in such situations. The ultimate goal is to provide exceptional fire protection services to our community while building strong and lasting relationships with our residents and the surrounding communities.

BUDGET PRIORITIES:

Rainbow Lakes Estates Fire Assessment is non-ad valorem; \$30 for improved parcels and \$15 for unimproved parcels. The Rainbow Lakes Estates Volunteer Fire Rescue Services and Facilities Funds are currently managed by Marion County Fire Rescue and the assessment is scheduled to "sunset" in October 2025.

GOALS:

Our primary goal is to provide high-quality, cost-effective fire protection services to the residents of Rainbow Lakes Estates. We prioritize maintaining and managing our equipment and volunteer firefighters, ensuring we respond promptly and effectively to all emergencies. Through our commitment to cost-effectiveness and efficiency, we aim to provide exceptional services to our community while keeping costs as low as possible. The ultimate goal is to ensure that our residents feel safe and secure, knowing they can rely on us to provide them with the best possible fire protection services.

Special Districts

Division: Marion Oaks MSTU for General Services

MISSION:

Marion Oaks Municipal Services Taxing Unit (MSTU) for General Services primarily aims to ensure the optimal upkeep of public areas within the Marion Oaks community. This includes maintaining the waterfall's beauty and splendor while providing safe and efficient street lighting to enhance the community's safety and aesthetic appeal. This MSTU for General Services is responsible for regularly ensuring that they carry out the right-of-way mowing to maintain a neat and orderly appearance in the community. Through consistent efforts and dedication, the MSTU aims to provide a high-quality living experience for the residents of Marion Oaks, making it a desirable place to call home.

DESCRIPTION:

In 1994, an MSTU was established to provide high-quality services to designated areas approved for maintenance by the Board of County Commissioners. These services included street lighting and enhanced right-of-way mowing. The assessments for the MSTU began to be collected through property tax bills in November 1995. The primary purpose of this MSTU is to provide additional services beyond what the Marion County Office of the County Engineer currently offers. The Marion Oaks General Service team is responsible for maintaining approximately 360 miles of right-of-way in Marion Oaks, including roadside mowing, street lighting and the upkeep of the waterfall at the community entrance. All the funds generated through a per-parcel assessment imposed on all the affected lots in Marion Oaks are expended solely within the community.

BUDGET PRIORITIES:

The Marion Oaks General Service fund needs a necessary rate increase as the current General Service per parcel rate of \$30 has remained the same since 2006, making the fund unsustainable. The Marion Oaks General Service Advisory Board has proposed raising the per parcel rate to \$70 per year, while the MSTU Department has suggested a rate of \$50 per year which will be reevaluated in FY 2027-28. Ultimately, the rate of \$55 was approved for FY 2023-24 which will ensure that the Marion Oaks MSTU for General Services can continue to provide quality services and remain financially stable. This adjustment considers the salary impact of the MSTU Operations Manager. This rate increase is necessary to support the growing population and businesses in the area, as job growth and opportunities are anticipated, including the expansion of the Dollar Tree distribution center, the development of the Florida Crossroads Commerce Park, and the logistics center along Highway 484. The projected population increase is expected to impact the condition of the community's roads, making it essential to reevaluate infrastructure needs and plan for future growth. By managing the funds and operations of the MSTU in a fiscally responsible manner and seeking input and guidance from the Marion Oaks General Service Advisory Board, the community can work towards improving the maintenance of the right-of-way and street lighting. With a well-maintained road system, the community can continue to attract new residents and businesses while providing a high-quality living experience for current residents.

GOALS:

Marion Oaks MSTU for General Services' goal is to improve the maintenance of right-of-way and street lighting in Marion Oaks by managing the funds and operations of the MSTU in a fiscally responsible manner while actively seeking input and guidance from the Marion Oaks General Service Advisory Board.

**Special Districts
Division: Community Redevelopment Area**

MISSION:

The Community Redevelopment Agency focuses on the revitalization and redevelopment of targeted Community Redevelopment Areas, with Silver Springs as the only identified area at this time. The agency pursues actions to encourage and support capital investments for existing and new development while supporting and enhancing the character of development and the environmental quality of the area.

DESCRIPTION:

A Community Redevelopment Agency and Area function pursuant to the Florida Community Redevelopment Act of 1969, F.S. 163, Part II. The Silver Springs Community Redevelopment Area encompasses the unincorporated properties in and around the Silver Springs State Park area of the County. Funds received shall be utilized and expended for the purposes of and in accordance with the Silver Springs Redevelopment Plan. Primary funding is provided through tax increment revenue payments as defined in Section 163.340, F.S. received from the Taxing Authorities levying taxes within the District except Taxing Authorities exempted under Section 163.387(2)(c), F.S.

BUDGET PRIORITIES:

Priority projects include the Sherriff's Community Oriented Policing Detail Service and grant programs for the improvement of properties within the Community Redevelopment Area including the potential for infrastructure improvements.

GOALS:

Original Community Redevelopment Area Plans provide for Economic Development, Infrastructure and Utility Investments, Environmental Enhancements, Transportation Initiatives and Governmental Coordination goals to increase investment within the area and address community concerns and revitalization.

Marion County Board of County Commissioners Fiscal Year 2024 Adopted Budget

Agencies

Division: Health Department

MISSION:

The mission of the Marion County Health Department is to protect, promote and improve the health of all people in Marion County through integrated state, county and community efforts.

DESCRIPTION:

The Health Department works to improve health status by preventing epidemics, protecting against environmental hazards, encouraging healthy behaviors, preparing for and responding to disasters, and assuring the quality and accessibility of health services. They investigate, plan for, respond to, and educate the community and key partners. The Health Department provides the following services: immunizations; STD prevention, identification, and treatment; HIV prevention, identification, and treatment; family planning; school health; WIC; Healthy Start; tuberculosis; epidemiology; rabies prevention, education, and identification; dental; vital statistics; health education and promotion; preparedness and response; environmental health; along with additional grant programs such as Brazen and OD2A.

BUDGET PRIORITIES:

The budget priorities for the Marion County Health Unit include: Communicable Disease (Surveillance and Treatment efforts), MHU and Telehealth (Access to Care), Chronic Disease Prevention, and Preventative Care.

GOALS:

The goals of the Health Department are to improve Healthy Equity which includes infant mortality; access to services in remote areas by Telehealth, increasing mobile unit footprint and minority health education; improve infrastructure which includes updating or replacing the Belleview building and updating existing buildings to meet service needs; increase immunization rates; enhance disease surveillance efforts; increase access to care for transportation disadvantaged individuals, decrease permitting time for septic systems; and to expand work with the OPIOID Paramedicine Program and CORE.

Marion County Board of County Commissioners Fiscal Year 2024 Adopted Budget

Agencies

Division: Community Service Agencies

MISSION:

Early Learning Coalition: Our mission is to provide leadership and foster partnerships to optimize a quality early learning environment for our children through child care, voluntary pre-kindergarten and parent education. Our vision is that children and families in our community will have access to quality Early Learning Programs that nurture their learning potential and prepare them for their educational success.

Marion Senior Services and Transit: Our mission is to provide public transportation that offers riders a high quality, safe, reliable, and efficient paratransit experience. Marion Transit provides services to the transportation disadvantaged citizens of Marion County.

Marion County Children's Alliance: Our mission is to improve the lives of Marion County Children.

DESCRIPTION:

Early Learning Coalition: The requested funding will match federal School Readiness (child care subsidy) funds received on an annual basis through the Florida Division of Early Learning to assist income-eligible, working families with the cost of child care. As a result, families will be able to work towards financial self-sufficiency and provide quality early learning experiences for their children. School Readiness (SR) financial assistance is currently available for children up to age 13, including before/after school care, as well as care during holidays, vacations, and summer release time. Currently, the Coalition maintains a small waitlist for SR funding. Eligibility redetermination is completed annually to determine if the family may continue to receive services. Parents remain obligated to assist with the cost of their child care by paying any differential fees directly to the child care provider they choose, as well as any additional fees for registration/application, etc. Child care providers who contract with the Early Learning Coalition to receive SR funds are members of the business community, typically considered small businesses. At present, the Coalition contracts with approximately 120 child care providers who receive SR funding which supports approximately 2,300 children per month.

Marion Senior Services and Transit: Marion Transit is the Community Transportation Coordinator for Marion County as designated by the Florida Commission for the Transportation Disadvantaged (CTD). We provide public transportation in the rural and semi-urban areas of Marion County, Florida. We use ADA equipped cutaway buses that carry a combination of up to 14 passengers, either ambulatory or wheelchair. Marion Transit provides door-to-door service by appointment for a total of 300 to 400 one-way trips per day, Monday through Friday. The service is funded using Federal Transportation Grants with matching funds received from the Marion County Board of County Commissioners and passenger fares. On any given day, Monday through Friday, we have 25 to 35 buses working throughout Marion County. According to the Annual Operating Report submitted to the CTD, our buses traveled 826,741 miles while providing 63,255 trips. The cost per mile for these trips was \$4.39 and the cost per trip averaged \$56.27. The majority of our trips are for dialysis patients followed by medical appointments and food shopping.

Marion County Children's Alliance: The Children's Alliance provides communication, collaboration and coordination among agencies and individuals who work with children and youth. A Voice for Children with Local and State Government Representatives and Agencies assists parents and youth to help secure needed resources and services. The Marion County Children's Alliance has four workgroups that help identify problems and implement solutions for local issues. Those workgroups are: Community Council Against Substance Abuse (CCASA) which includes the Opioid and Addiction Taskforce and the Substance Exposed Newborn work group, Supporting Kids Involving Parents (S.K.I.P.) which is a mentoring and tutoring program for at risk children and youth as identified by DJJ and the Marion County Public Schools, Family Violence Prevention, and Safe Kids.

BUDGET PRIORITIES:

Early Learning Coalition: ELCMC has no changes for fiscal year 2023-24 from the prior year.

Marion County Board of County Commissioners Fiscal Year 2024 Adopted Budget

BUDGET PRIORITIES:

Marion Senior Services and Transit: This budget represents a significant increase over prior years. This is primarily due to receiving other rural transportation funding for the prior year from the Coronavirus Response and Relief Supplemental Appropriations Act (CRRSAA) and American Rescue Plan (ARP). Normally, FDOT 5311 funding requires a 100% local match. Due to Federal Funding from the CRRSAA and ARP plans, Marion Transit was provided a portion of the required annual funding needs for FDOT 5311 Program resulting in the need for local match funding being greatly diminished. Replacement bus prices have increased to approximately \$150,000. This figure is nearly double the cost that a comparable bus was just three years ago. As a result, a portion of the increase will be utilized to cover the resulting required match dollars.

GOALS:

Early Learning Coalition: The Coalition will continue providing much needed child care assistance to eligible families while further minimizing the need for a waitlist. Under the State of Florida Child Care and Development Fund (CCDF) state plan, "Public funds are used to meet the CCDF matching fund requirement. Public funds may include any general revenue funds, county or other local public funds, state/territory-specific funds(tobacco tax, lottery), or any other public funds." Receipt of county funding will allow the Coalition to draw down additional dollars from the Department of Early Learning and thereby increase the number of children and families served.

Marion Senior Services and Transit: Our goals are to provide high passenger satisfaction, on-time performance, minimized passenger dwell time, passenger safety, excellent customer service and safe driving. Increasing ridership by 10% through education about our program and outreach is our secondary focus.

Marion County Children's Alliance: CCASA - work together to reduce the impact of alcohol, marijuana, tobacco (including vaping) and other drugs on our youth; work together with community partners to reduce the number of opioid and other drugs by 10%; work with community partners to identify pregnant women who are using substances and, in a compassionate and non-judgmental way, provide pre-natal care and recovery services so they have the ability to have healthy babies and to be good parents; SKIP - to create opportunities for engagement with youth's families; increase youth's capacity to excel academically and provide youth mentoring as a tool for navigating everyday life; Family Violence Prevention - to end family violence in Marion County by coordinating community resources and services to assist families in crisis; and Safe Kids to prevent unintentional injuries and death to children ages 0-19.

Marion County Board of County Commissioners Fiscal Year 2024 Adopted Budget

Agencies

Division: Economic Development Agencies

MISSION:

Ocala Marion County Chamber and Economic Partnership: Our mission is to be the catalyst for a prosperous community.

Small Business Development Center (SBDC): The Small Business Development Center at the University of North Florida helps new entrepreneurs realize the dream of business ownerships and assists existing businesses to remain competitive in an ever-changing global economy. It also helps communities grow by helping the creation and retention of jobs, the investment of new capital by businesses, and the resultant increase in the tax base.

DESCRIPTION:

The Ocala Marion County Chamber and Economic Partnership (CEP): serves as the lead economic development organization for the community and as the voice of the business community.

Small Business Development Center (SBDC): The Florida SBDC Network is state designated as Florida's Principal Provider of Business Assistance (288.001 Fla. Stat.) and recognized as Florida's "premier source" for business assistance. With this assistance, clients can become more successful and in turn, contribute positively to the area's economic growth and stability. More than 35 SBDC offices operate in Florida from Key West to Pensacola under the guidance of seven state universities, including the University of North Florida, and state colleges. Services provided include no-cost in-person, on-site, and virtual consulting; live and virtual training workshops; and access to extensive databases and analytical programs that offer entrepreneurs access to business solutions to help them grow and prosper. Funding from the U.S. Small Business Administration and the University of North Florida is supplemented by Marion County to provide SBDC services throughout the county from a local office located on the College of Central Florida Campus in Ocala.

BUDGET PRIORITIES:

Ocala Marion County Chamber and Economic Partnership: supports the efforts in Business Attraction, Business Retention and Business Creation.

Small Business Development Center (SBDC): The Small Business Development Center at the University of North Florida request \$112,000, a 6.5% funding increase, equivalent to the rate of inflation during 2022. This amount has been rounded up by \$175 from \$111,825 to achieve an even funding figure.

GOALS:

Ocala Marion County Chamber and Economic Partnership: annually enter into an agreement outlining goals for the upcoming year. The top 3 economic development goals of the CEP through 2026 are to impact the announced creation of 5,000 new primary employer jobs which pay wages 15% above the County average wage and will result in a direct capital investment in our community of \$1 billion.

Small Business Development Center (SBDC): In addition to the no-cost in-person, on-site and virtual consulting, the SBDC is partnering with business incubators, chambers of commerce, and other business organizations to provide services in new venues and locations. This will ensure that entrepreneurs and business owners throughout the county will have convenient access to SBDC services. The SBDC will also hold "Pop-Up" shop events in an effort to reach out to entrepreneurs and business owners who might otherwise not have heard of the SBDC's no-cost services.

Agencies Division: Planning Agencies

MISSION:

The East Central Florida Regional Planning Council's mission is to serve our citizens and member governments by identifying and addressing regional issues through communication and collaboration to develop strategies that create a healthy, sustainable, thriving, and resilient region for future generations.

DESCRIPTION:

Established in 1962 as an Area-Wide Association of Governments, the East Central Florida Regional Planning Council (ECFRPC) is represented by 32 Council Members and a skilled staff that provides technical assistance to governments and organizations within the 8-county East Central Florida region while fulfilling duties assigned by state statutes and other federal programs. These 8 counties include Brevard, Lake, Marion, Orange, Osceola, Seminole, Sumter, and Volusia and represent 78 member towns and cities. The staff of the ECFRPC has expertise in a variety of areas including land use and environmental planning, urban design, geographic information systems, transportation studies, comprehensive planning, health, resiliency, economic analysis, and emergency management.

BUDGET PRIORITIES:

Our budget priorities are: to provide a match for Regional Planning Council programs such as CEDS, Disaster Recovery Coordinator and other potential grants for local communities; to fund staff resources to assist with writing and finding funding and grant opportunities, as well as collaboration and educational events for the Council members; and to provide technical assistance for assisting local governments in the areas of planning, economic development, resilience, and emergency management. Other priorities will be identified by the Council throughout the year.

GOALS:

The East Central Florida Regional Planning Council's goals are to identify regional needs and follow the programmatic direction of the Council in meeting the objectives of the Strategic Regional Policy Plan (SRPP) and supporting existing Council programs and activities that assist local government planning, economic development, resilience, and emergency management needs.

Marion County Board of County Commissioners Fiscal Year 2024 Adopted Budget

Agencies Division: Other Agencies

MISSION:

Marion Soil and Water Conservation District: The Marion Soil and Water Conservation District aims to provide conservation outreach and education to the citizens and students of Marion County.

Historical Commission: The Marion County Historical Commission shall be the official agency of County Government concerned with heritage.

Florida Forest Service: Our mission is to protect Florida and its people from the dangers of wildland fire and manage the forest resources through a stewardship ethic to assure they are available for future generations.

DESCRIPTION:

Marion Soil and Water Conservation District: The Marion Soil and Water Conservation District (MSWCD) is a governmental subDivision of the State of Florida funded by Marion County. The Soil and Water Conservation Law, Chapter 582, Florida Statutes, enacted by the Florida Legislature in 1937, authorized the creation of soil and water conservation districts. A landowner petition for developing and implementing a conservation program of our water, soil and natural resources organized MSWCD.

Historical Commission: The Historical Commission shall be composed of seven members. Each County Commissioner shall appoint one member, with the remaining two members appointed by the Board of County Commissioners at large. The Historical Commission holds public meetings on a monthly basis to conduct its business. The members of the commission are all volunteers.

Medical Examiner: The Medical Examiner is appointed by the Governor. Marion County, along with Lake, Sumter, Citrus and Hernando comprise the 5th District Medical Examiners Office. Marion County is the lead County and administers the Medical Examiner's budget. The District contracts with the Medical Examiner and staff are Medical Examiner employees.

Florida Forest Service: The Florida Forest Service is the statutory authority over wildland fire within the State of Florida as well as the regulatory authority for all outdoor burning. Activities within the County will include: prevention, detection, and suppression of all wildland fires independently or in conjunction with Marion County Fire Rescue, regulation of all permitted outdoor burning activities, land management advice for private landowners, management of Ross Prairie and Indian Lakes State Forests and detection of forest pest outbreaks. In addition, the Florida Forest Service will continue to coordinate with Marion County Emergency Management in response to all natural disasters affecting the County including hurricanes.

BUDGET PRIORITIES:

Marion Soil and Water Conservation District: Our budget priorities are: to promote the Florida Department of Agriculture and Consumer Services (FDACS) Cost Share Programs to local farmers and ranchers; to work with Marion County Public Education Foundation to continue the Environmental Scholarship for Marion County High School Seniors; to hold and attend public meetings, give presentations, exhibit displays and maintain the District's website in order to identify natural resource concerns within the County and offer financial and technical support to address these concerns; to continue to strengthen the Envirothon locally and to include neighboring counties; to continue to expand the Farms of Environmental Distinction (FED) program; to expand the relationship with the Office of Agriculture Water Policy (OAWP) to educate and encourage landowners to comply with Best Management Practices, having producers sign a Notice of Intent to implement these practices, and to participate in the Association of Florida Conservation District area and annual meetings, bringing together Soil and Water Conservation Districts, USDA Natural Resources Offices and other stakeholders from around Florida.

Historical Commission: The Historical Commission is responsible for the purchase of flags for the county center. It is currently working on two historical markers, The Industrial School for Girls and Camp Roosevelt. Included in its current projects is the interview and film session of outstanding Marion Historical Figures. An additional task is to provide the Marion County Museum of History the necessary preservation materials for its vast collection of vintage historical paper.

Florida Forest Service: There are no changes from FY 22-23. Priorities are to equip, train and maintain the personnel and equipment responsible for wildfire response within the County. In addition, regulation and compliance of the outdoor burning program as well as land management assistance for private landowners within the county.

Marion County Board of County Commissioners Fiscal Year 2024 Adopted Budget

GOALS:

Marion Soil and Water Conservation District: Marion Soil and Water Conservation District's goal is to provide conservation outreach and education to the citizens and students of Marion County. We have collaborated with various local, state and federal agencies and built on existing relationships to utilize as many in-kind and volunteer services as possible to enhance our outreach capabilities. The MSWCD Board of Supervisors are State Elected Officials and serve on a voluntary basis. To achieve our goals, the Board and other committed volunteers have donated over 444 hours to serve the citizens of Marion County this past year. MSWCD will be able to maintain our budget for the 2023-2024 fiscal year by continuing to utilize these valuable volunteers.

Historical Commission: It shall be the duty of the Historical Commission to collect, arrange, record, preserve, interpret, produce, create, and display historical material and data, including books, pamphlets, maps, charts, manuscripts, family histories, U.S. census records, papers and other objects illustrative of and relating to the history of Marion County and Florida. The Historical Commission provides education on the history of Marion County through its relationship with the Marion County Museum of History and Archaeology. The Historical Commission may mark by proper monuments, tablets, or markers, the locations of forts, Native American mounds, or other places in the county where historical events have occurred.

Florida Forest Service: The goals of the Florida Forest Service are to provide Wildland fire prevention activities for Schools, HOA's, and other groups, to detect and suppress wildland fires as they occur to protect life and property, to effectively manage the outdoor burning program by providing good customer service and enforcement of illegal burning, to manage Indian Lakes and Ross Prairie State Forests for the enjoyment and use of residents and visitors, and to seek out and offer land management assistance to private landowners including enrollment in State and Federal Cost share programs to meet their objectives.

**Internal Services
Division: Risk Management**

MISSION:

The mission of Risk Management is to provide great customer service, quality benefits, proactive risk management and effective safety awareness programs in an effort to prevent and minimize the County's human, financial and physical assets and resources from the consequences of losses.

DESCRIPTION:

The functions and duties of Risk and Benefit Services include identifying and appraising the risks of the County and insure or self-insure those risks which cannot be controlled and mitigate the cost of employer insurances and losses through proactive claims management, loss prevention and safety training programs. The Risk and Benefits team is proud to manage a variety of employee insurances for all Constitutional Officers in an efficient and cost-effective manner. With a Benefits staff of 4 members, the Benefits Team manages the health, dental, vision, life, LTD, and EAP insurances, as well as retirement services and coordination with the Florida Retirement System (FRS), the Employee Clinic/Heart of Florida arrangement as well as the wellness program. With a focus of providing great customer service and quality benefits for all of Marion County and its employees, the Benefits Team is proud to continually innovate, anticipate employee needs, and find ways to improve the health and overall well-being of each of its employees, retirees, and family members.

BUDGET PRIORITIES:

To align with the Empowering for Success II Strategic Plan, the Benefits Team continues to work towards implementing an Internal Employee Clinic designed to provide care to employees, dependents, and retirees free of cost, while simultaneously reducing the number and cost of claims incurred under our self-insurance. The Benefits team also makes a strong effort to educate employees on benefits offerings and ensures that all benefit offerings are current, competitive, and ultimately provide employees with the options they need to be healthy and happy at work.

GOALS:

The goals of Risk Management are to identify potential risks; analyze loss exposures and determine combination of controls and financing mechanisms that are most effective in managing the organization's exposures and overall cost; provide ongoing safety trainings related to general work place exposures; to provide industry specific trainings for the safety of personnel to raise awareness and empower employees of the dangers in their workplace environments; to reduce incidents and enhance the safety culture across Marion County; to encourage employees to be involved with the Safety Incentive Program; to provide recognition and acknowledgement of safe-work environments while enhancing accountability for themselves and their co-workers.

The goal of the Benefits Team is to provide a wide variety of important benefits, as well as top notch customer service to every employee across all constitutional offices. By continually monitoring and updating each employee insurance program, Marion County is able to provide quality benefits and cost-effective coverage. Additionally, through the Wellness program, our team has an important goal of providing on-going education and incentives to employees with the intention of encouraging them to get preventive healthcare and to maintain healthy lifestyles that can assist in reducing long-term healthcare costs.

Debt Service

Division: Road Assessment Program Debt Service

DESCRIPTION:

The Road Assessment Program Debt Service Division provides for the repayment of bonded debt issued to provide funding for the creation or replacement of road systems within privately developed subDivisions within Marion County. Repayment of the bonded debt is provided for through a non-ad valorem special assessment levied upon property owners within the improved subDivisions and collected through the property tax billing process.

**Marion County Board of County Commissioners
Fiscal Year 2024 Adopted Budget**

**Capital Improvements
Division: Parks and Recreation Capital**

MISSION:

The Parks and Recreation Department serves Marion County residents and visitors by providing park facilities, recreation services, park planning and protection of our natural resources.

DESCRIPTION:

The Parks and Land Acquisition Capital Project Fund also known as Pennies for Parks consists of the remaining balance of the 1988 voter approved \$20 million bond referendum for the purchase of and improvement to park land countywide.

GOALS:

The goals of the Parks and Recreation Capital Division are to offer high-quality, cost-effective park and recreation opportunities for citizens and visitors; to establish and maintain a level of service standard for park amenities to include passive and active recreation areas through demographic analysis; to update Parks and Recreation's Ten Year Master Plan to reflect current economic and growth trends and Departmental priorities; to improve existing facilities, amenities and programs to satisfy current and future demand; to maximize access to parks and recreation facilities for users of all abilities; to improve facilities and maximize use based on user input and coverage demographics; to develop and maintain active working relationships with other local, state and federal agencies for the protection of our natural resources; to assist in the development of partnership programs with other local, state, federal agencies and private organizations and businesses; to research local, state and federal programs for community involvement and funding to encourage use and financial stability; and to identify appropriate areas for partnership such as a reciprocal agreement with the Marion County School Board and City of Ocala.

**Capital Improvements
Division: Road Assessment Program Improvements**

DESCRIPTION:

The Road Assessment Program Improvements Division includes funding for the creation or replacement of road systems within privately developed subdivisions within Marion County. Funding is provided through the issuance of bonded debt that is repaid through the collection of special assessments levied upon property owners within the improved subdivisions and collected through the property tax billing process.

**Rainbow Lakes Estates
Division: Rainbow Lakes Estates Mun Svc District**

MISSION:

The mission of Rainbow Lakes Estates Municipal Service District is to deliver exceptional Municipal Services that exceed the expectations of the residents and property owners of Rainbow Lakes Estates. We are committed to enhancing the quality of life within our community by providing innovative and efficient solutions that cater to the unique needs of our residents. Our services aim to create a safe, thriving, and sustainable environment where our community can thrive.

DESCRIPTION:

Rainbow Lakes Estates is committed to providing exceptional municipal services to its residents and property owners, facilitated through our dedicated Municipal Services District (MSD) office. Our maintenance Department ensures the upkeep of all public buildings and maintains 174 miles of roads. The MSD provides essential government functions such as recordkeeping, public relations, administrative support and communications to ensure seamless operations within our community. In addition, our maintenance Department is responsible for conducting roadway maintenance, right-of-way mowing and the maintenance of public grounds and facilities. The funds collected through the Rainbow Lakes Estates Road Construction MSTU are utilized exclusively for rebuilding and resurfacing the roads within our community, ensuring that our residents can enjoy safe and smooth driving experiences.

BUDGET PRIORITIES:

All right-of-way expenses have moved to Rainbow Lakes Estates MSTU for Road Improvements Fund. This increased the current assessment for Rainbow Lakes Estates MSTU for Road Improvements from \$35 a year to \$82 a year.

While the increase in non-ad valorem assessment would have an impact of \$29.41 on unimproved parcel (based on a property whose taxable value is \$12,843, which is the average throughout Rainbow Lakes Estates) these parcels will receive a reduction of approximately \$11 per year when the County-Wide Fire Assessment is implemented in 2025.

Under this plan, the average improved property would see an increase of approximately \$1.69 a year versus \$54.80 a year increase to an unsustainable fund by just increasing the General Government Fund to the maximum millage rate of 3.00 (the average value of an improved parcel in Rainbow Lakes Estates is \$73,076). The new plan would result in a much lower increase of \$1.69 per year for the average improved property and reduces the impact on improved properties while providing transparency, sustainable funds, and appropriate allocation of funds. This adjustment considers the salary impact of the MSTU Operations Manager.

GOALS:

The goals of Rainbow Lakes Estates MSD are to deliver top-quality, cost-effective Maintenance and Resource Management Services to the property owners of Rainbow Lakes Estates. We are committed to prompt and efficient responses to requests for information and maintenance, ensuring that our community members feel heard and valued. We aim to prioritize road resurfacing and reconstruction, with a target of approximately five miles of road being resurfaced or reconstructed every two years. Our ultimate goal is to create a safe and comfortable driving experience for our residents and property owners while ensuring we maintain the highest possible standards of quality and cost-effectiveness.
